

Dear Legislators,

It is my understanding that Connecticut is attempting to pass emergency legislation and therefore bypassing all normal legislative procedures.

This emergency legislation violates the legislative process that Americans hold dear and at the present time there is no exigency that justifies what is being attempted.

I will fully support common sense gun measures such as mandatory background checks for all gun sales and safe storage laws.

However, I vehemently oppose any further restrictions regarding ownership of certain types of firearms or magazines. In addition I will absolutely fight any attempts at mandatory registration of firearms or any legislation that denies me the rights afforded to me by the US Constitution/Bill of Rights.

Thank you for your time and consideration. I wish you good luck on the difficult decisions that lay ahead of you.

Respectfully,
Jeff Gilbert
