

I am writing to express my opinion that the legislature should act to ensure that the gun laws are changed to improve the safety of the citizens of the state of Connecticut, and then hopefully, the Nation.

I believe that there should be more comprehensive background checks and a longer waiting period for people who wish to apply for a gun license.

I believe that a person that owns a gun should be charged with a felony if their gun is lost or stolen and used in a crime.

I believe that the police should be able to trace a firearm that has been brought in from another state.

I believe there should be a ban on high capacity magazines (30 rounds or more)

I believe that there should be a ban on automatic weapons, like the one used in Sandy Hook.

Sincerely yours,
