

Hello,

I am a Mom from Monroe CT. I live less than a mile from the Newtown border and know 3 families who had children in Sandy Hook elementary at the time of the shootings. One child did not make it.

Although I am not a gun owner, I support others rights to own guns for sport, protection and hunting. I am certain, however, that gun violence can and will be deterred with the following controls:

1. Universal background checks on all gun purchases,
2. Elimination of high capacity magazines and armor piercing ammunition
3. Removing military grade weapons from civilians

Please support this to keep Sandy Hook from happening ever again.

Jennifer Platt

Monroe, CT
