

On Jan 30th of this year I was working in Waterbury. I work for a mail courier service. I had just left a Webster bank after picking up their bags. I stopped at a traffic light because it was red and that is what law abiding citizens do. I was tapped from the rear and got out of my car, like a good citizen does, and was met by a punk with a gun. He told me to give him my money and car or he would "SHOOT ME". I attempted to keep my possessions. At this point the little punk attempted to MURDER ME by shooting me in the head. He only succeeded in grazing the top of my head. But I was still hospitalize and lost the use of my car for several days. I will never get my cloths back that were cut off my body or my NCOA ACADAMY RING that was misplaced at the emergency room. Had I have had my gun, which was legal, on me at the time the little bastards mother would have been crying over his coffin and everybody would have been saying what a GOOD CHILD HE WAS. He was no longer a child when he chose to take a gun,(I bet it was ILLEGAL, and I would bet he did not have a gun permit. I do). and attempted to assault a law abiding, hard working 22 year plus VETRAN of the military. I have always lived my life by the law. It is about time you started making the Criminals, Criminals, and not the LAW ABIDING CITIZENS FELL LIKE CRIMINALS FOR EXERCISING THEIR 2ND AMMENDMENT RIGHTS. I have nothing but praise for the Waterbury Police Dept. or St, Marys Hospital. The ambulance crew and everybody who stopped to help me. Start enforcing the law and leave LAW ABIDING CITIZENS be. This Debate about more gun control laws are the antitheses of everything that the Founding Fathers of our country ever envisioned. PLEASE STOP THE CRIMINALS AND INFORCE THE LAW. NOT PERSECUTE THE LAWFUL.
