

I can support:

- 1) Closing the loop holes at gun shows requiring registration of all guns sold and a FBI check
- 2) Limiting the clips and taxing same
- 3) The background checks particularly as it relates to mental illness
- 4) Ban on military fully automatic and semi automatic rifles. If you want to shoot one, some ranges will/ should have rentals for those rifles after an extensive background check of the range owner and the customer has a gun license.
- 5) Raising the price on those heavy duty rifles, if you want one as a collector, to \$50,000 or higher after an extensive background check and the registration of the rifle and a yearly notice, when taxes are due, that the rifle is still in your possession.
- 6) I do not support the NRA stance, nor extremist that want to ban all guns. The rights of the Second Amendment should NOT usurp the rights of the individual. If WE are all created equal than NO one group of people/ organizations/ clubs have the RIGHT to dominate the other by intimidation or their ability to donate more via lobbies to promote their singular, myopic agenda.
