

This is from **Judy and Chuck Dubois** from 7 Marlin Rd, Sandy Hook, CT

After experiencing this tragedy in our town, we are forced to rethink our position on Gun Control.

We are republicans and have always felt strongly about gun rights and individual rights. I have no problems with guns being sold for hunting, sport and self-defense. But, honestly, we never really thought about the magnitude of firearms easily available to the general public until now.

We would like to see a ban on military-style semi-automatic weapons and high capacity ammunition magazines. These guns are for mass killing, the damage they can do is not something that any citizen should have access to. These children were slaughtered and blown to pieces. Kids escaped when he reloaded, more kids would be alive today if he did not have a high capacity assault rifle. I believe, that had Adam Lanza not had access to his mother's gun, he probably would have only used a 'regular' gun which would have done much less carnage. We are also in full support of universal background checks for all gun sales and measures restricting sales to people with any mental illness, domestic violence or serious crimes.

Please make the right decisions for the right reasons!

Thank you for listening.
