

Dear Legislators,

We must do everything in our power to prevent another Newtown massacre. It is time to protect our children, not gun manufacturers. We must lead the nation with smart gun laws!

Please pass legislation that will:

1. Strengthen our assault weapons ban by requiring that all weapons having military features be banned and that existing weapons defined as assault weapons be destroyed, turned in to law enforcement, or removed from the state.
2. Ban large capacity ammunition magazines of more than 7 rounds. Existing magazines must be destroyed, turned in to law enforcement, or removed from the state.
3. Require permits and universal background checks on ALL sales and transfers of guns, including long guns.
4. Require registration of handguns with annual renewal. Require: annual fee and annual background check for all handguns owned; require that the owner stipulate that the guns are still in their possession or explain how the gun was transferred to another person. Require safety inspection every three years.
5. Increase penalties for storage or safety violations. Make gun owners liable for negligent storage if a person gains access to firearms and injures himself or another person or causes damage to property. The violation would be a Class D felony.
6. Internet: Ban the right of way for transportation of firearms and ammunition bought over the internet. This means companies would be prohibited from shipping guns or ammunition to CT residents.
7. Require license or permit to purchase any gun or ammunition and tax the sale of ammunition.
8. Restrict handgun sales to one gun per month.

Respectively,

Kerry Rausch
