

I am writing today to PLEAD with you to make changes to Connecticut law that incorporate background checks, banning assault/automatic/semi-automatics weapons, and banning high-capacity magazines. I write as the mother of an 11 year old and 15 year old, and as a citizen of Wilton. The events in Newtown were beyond comprehension, but I feel passionately that all of us have a responsibility to work comprehensively to change things for the better.

Yes, this is a complex, layered, and deeply rooted issue. There is no easy solution on any front, yet how will we make progress if we do not start by protecting our children in the most obvious ways while this deeper process is ongoing? I hope that you will listen to the many who are clamoring, and deep within your own hearts and conscience as well.

Sincerely,

Liane Roseman
