

Dear Task Force Member,

I am the parent of two elementary school aged children in Madison ,CT. I am extremely concerned about the level of gun violence in our society and urge you to take immediate action to ban military style weapons and magazines with more than 10 rounds, and tighten background checks and permitting for ALL firearms. I also urge you to take action to ensure that gun owners are held responsible if they do not take precautions necessary to keep their weapons out of the hands of who are known to be violent or mentally unstable.

These actions in no way infringe on the Second Amendment rights of law abiding gun owners. On the contrary, not taking action on gun safety infringes on the rights of our children to live without fear of gun violence.

Thank you for considering my views.

Sincerely,

Lydia Williams
