

Please pass the new gun laws, especially the ban on high capacity ammunition magazines (no grandfathering); and the strengthening of assault weapons ban (no grandfathering). what possible good use can there be for military weapons in civilian society. There are many more mothers in this country than NRA members. And I vote!

I SUPPORT THE LEGISLATIVE AGENDA PUT FORTH BY CAGV, WHICH INCLUDES:

a

ban on high capacity ammunition magazines (no grandfathering); a strengthening of assault weapons ban (no grandfathering); requirement of permits and universal background checks on ALL sales and transfers of guns, including long guns; requirement of registration of handguns with annual renewal; requirement of annual fee and annual background check for all handguns owned; requirement that the owner stipulate that the guns are still in their possession or explain how the gun was transferred to another person; require safety inspection every three years; making gun owners liable for negligent storage if any person gains access to firearms and injures himself or another person or causes damage to property - the violation would be a Class D felony; a ban on the right of way for transportation of firearms and ammunition bought over the Internet; taxing ammunition sales and requirement of a license/permit to purchase any gun or ammunition; restriction of handgun sales to one gun/month.
