

The guns used in the Sandy Hook massacre were WEAPONS OF WAR. If the slaughter of innocent children in their classroom doesn't precipitate change in the gun laws we may as well arm every citizen with assault rifles. The Second Amendment was not intended to be interpreted this way. There HAS to be change, in many areas, in order to protect our children from this ever happening again. We all need to make some sacrifices to that end, including limiting our right to bear arms of any kind and our right to privacy (registry of the mentally unstable).

And to those who say emotions are clouding our judgment I say OF COURSE THEY ARE! Our emotions are making it very clear what we need to do. What happened at Sandy Hook can never never never happen again.
