

To whom it may concern,

I'm writing to urge you to legislate for a ban on ALL assault weapons in Connecticut. There should also be a waiting period for long enough to conduct thorough background checks on anyone who wishes to purchase handguns, and requirements that people prove they have their weapons locked up in order to have them in their homes. We are required to register with our town whether or not we have security systems, should be the same for gun ownership.

Please think of the lives lost not only in Sandy Hook, and let them not be in vain.
