

Hi, My name is Mitzi DeMaio and I am the mother of a child at Sandy Hook School. I want you to make sure what happened in my town, my school, doesn't happen again! I want semi-automatic weapons banned and the ammunition used to pierce body Armour and explode inside the human body, BANNED. I want mandatory registration of all fire arms. How to pay for all this? Tax and registration fees. We have it for cars, boats, trailers, etc., why not guns?

When you look at the stats for gun violence they are tracking deaths and wounded. Those aren't the only victims of gun violence. Ask the 650 children that survived! Ask the families of those children! Ask our state! Ask the country!
