

To whom it may concern:

My name is Nacole Palmer, and I recently moved to New Canaan, CT. I am writing to ask you to pass new gun legislation to protect our communities. As Marian Wright Edelman said today at the March for Gun Control on Washington DC (which I attended), "if we don't make changes now, we are all culpable."

I am begging you to make sure that those 20 children/babies who died in Newtown have NOT died in vain. Please let our collective horror at their deaths spur you to make changes that are simply common sense. Honestly, mandatory background checks protect all of us! Bans on assault weapons are just sensible. No ordinary citizens need that kind of weaponry on the street. Period.

Please examine your consciences and your hearts and do what you know is right. Please act now to make sure that we will never again mourn the deaths of our young children in senseless, avoidable, horrible events like the one we saw last month.

Thank you for your time.

Sincerely,

Nacole Palmer
