

I am unable to attend the public hearing on January 28th in person, but am writing to urge you to take action to put into place stricter gun laws, more thorough and accessible mental health resources and funding for safety measures in schools. Please lead the way for other states in our nation to follow with rational and evolved decisions on gun control in our country.

Quoting Dr. Martin Luther King Jr., "All labor that uplifts humanity has dignity and importance and should be undertaken with painstaking excellence."

Thank You
