

It is now obvious that the next civil right you are willing to suspend in your rush to destroy the 2nd amendment along with art 1 section 15 of the Connecticut state constitution is the fourth amendment of the U.S. Constitution with your willingness to destroy or gut the Board of firearms permit examiners at the behest of Senator Looney.

What will be next, think about it, carefully.

- How are you going to locate the arms you wish to seize?
- **What other rights are you willing to suspend to seize peoples firearms?**
- How are you going to seize those weapons which you make illegal?
- Who are you going to get to collect those rifle & pistol magazines?
- Will those collecting those arms and magazines give up theirs?
- How will the people react to the unconstitutional seizure of their firearms?
- What will you do if there is wide spread resistance?
- Who will you blame if people die resisting?
