

Guns are not violent people are. The attack on the 2nd. amendment cannot stand as members of all legislatures took an oath to protect and defend the Constitution of the United States. I stand behind the Constitution and the rights of all Americans to own guns and protect themselves from a Government which is becoming more and more intrusive and tends to take away the rights of Americans. Ct. has the most restrictive gun laws as does Chicago. Yet, people who want to can find guns. The only way for the citizen to protect himself is through the ownership of a gun or guns. Police certainly can't be everywhere and obviously they can't protect everyone.

I would express this view at the meeting in Hartford, Ct. on Monday but I prefer not to drive in the ice. Hopefully, this is sufficient and one will find a way to protect the Constitution and our right to have a gun or guns.
