

Dear Members of the Task Force:

In light of the unnecessary deaths that occur on a daily basis in the U.S., please, please take the time to thoughtfully consider that there needs to be some simple common sense applied to gun laws.

- All sales of guns and ammunition require **THOROUGH** background checks
- Weapons of war, military guns and "modern sporting rifles" need to be registered **ONLY to those who serve in the armed forces and live with the true threat of harm**
- Proper storage of all weapons should be mandatory and difficult for non-registered people to access

Very truly yours,
Rorie Savino Gerschwer
