

Dear Task Force-

Please support the ban on high capacity magazine and assault weapons.

Safe storage and universal background checks should be mandatory.

The world is watching CT - we need to honor all the victims of Newtown and their families with the strongest gun laws.

On December 14, 2012 a calm school day was shattered and as a nation we all felt pain beyond reason.

Please vote for strong regulations - don't underestimate the voters of the future, our children, who were all affected by the Newtown massacre.

Thank you.

Rose Morgan
Redding, CT
