

Dear Committee member,

I am writing to you today because I strongly feel you need to address the following issues related to gun control.

1. Ban large capacity ammunition magazines of more than 7 rounds. No grandfathering or other exceptions. There is no place whatsoever for large capacity fire arms.
2. Requires universal background checks on ALL sales and transfers, including long guns.
3. Requires permit/license to purchase and carry all guns, including long guns, and to purchase ammunition.
4. Requires registration of handguns with annual renewal. Require annual fee and annual background check for all guns owned, all fees will be paid by the owner; stipulation that they are still in the possession of original purchaser or transferee; explanation for any gun still not being in their possession. Require safety inspection every three years. Charge fee on initial registration and renewal.
5. Make gun owners liable for negligent storage if any person gains access to firearms and injures himself or another person or causes damage to property. The violation would be a Class D felony. All guns should be locked.
6. Strengthens our assault weapons ban with a focus on improving current list and strengthening functionality features; apply "one military feature" test to definition of assault weapons. Bans possession and sale with no grandfathering.
7. Prohibits sales of guns or ammunition via internet to CT residents.
8. Restricts handgun sales to one gun/6 month.

Additionally, please consider:

50% tax on ammunition sales. Finished ammunition, not components.

Graded permits based on level of training and proficiency

Liability insurance required for gun owners

Microstamping of bullet casings
