

Dear Legislators:

Please do not support the recommendation to publish the names of gun owners on line. I do not want thieves breaking into my home because they know I own a weapon they can steal for drugs or to commit a crime or that I do not own a weapon and they can feel secure in breaking into my home. This was the craziest proposal I have read about in the paper.

Thank you,

Stanley M. Morytko Jr.  
Windham, CT.
