

As a resident of this state and a gun owner i am asking the law makers to not ban any guns or magazines in this state along with any registration sachems etc. Also the ammo bans that are presented will only force gun owners to buy out of state. As a competitive shooter i shoot 50,000 rounds a year and need ammo to compete. The tragedy in Newtown is by no means something i take lightly. But to punish the honest gun owners of this state for it is wrong. The guns and equipment used in this situation were all purchased legally and they were stolen. With that the AR15 is a sporting rifle used for small game and hunting in this state. Along with competitive shooting and that requires 20 Round magazines. Criminals will do what they want no matter how many laws you pass. Also banning mags of over 10 rounds will cost me hundreds of dollars and many of these guns do not have replacement mags of 10 rounds. So by banning mags you you back door legislate gun bans. And the truth of the matter is nothing would have stopped the Newtown shooter. He tried to by a shotgun legally. If he waited 14 days he would have a gun at that period in time. So the 14 day waiting period worked. Use the laws in place that you have and please dont make gun owners felons with the stroke of a pen. Also the lost revenue in gun ammo and equipment sales layoffs and businesses leaving the state will be dramatic. I for one am already look to leave this state in a hurry. Thank You
