

The Oklahoma city bombing killed 168 people of which 19 were children under the age of 6, The Newtown Connecticut shooting killed 26 people of which 20 were children a month has passed and nothing significant has been done to protect our schools, nothing significant to protect our children, the following paragraph has been taken from wikipedia.org the reference is at the bottom of the paragraph.

In the weeks following the bombing the federal government ordered that all federal buildings in all major cities be surrounded with prefabricated [Jersey barriers](#) to prevent similar attacks. As part of a longer-term plan for [United States federal building security](#) most of those temporary barriers have since been replaced with permanent security barriers, which look more attractive and are driven deep into the ground for sturdiness. Furthermore, all new federal buildings must now be constructed with truck-resistant barriers and with deep setbacks from surrounding streets to minimize their vulnerability to truck bombs. FBI buildings, for instance, must be set back 100 feet (30 m) from traffic. The total cost of improving security in federal buildings across the country in response to the bombing reached over \$600 million.

In this paragraph the government ORDERED buildings to be SURROUNDED with Jersey barriers to PREVENT similar attacks.

I have listened to politicians talk and talk but have not heard anyone give the ORDER to SURROUND our schools SURROUND our children with protection to PREVENT similar attacks.

I have heard nothing but politics, nothing but personal agenda's, how many more must die? how many more DEFENSELESS children must die before you accept it is the HUMAN who does these acts of horror not the object.

I am NOT in support of any proposed legislation that does not directly impact the issue

I am NOT in support of restricting law abiding citizens with gun laws that doesn't solve the problem

I am NOT in support of providing a path of least resistance for the Criminal.

I am in favor of bullet proofing our schools

I am in favor of eliminating Gun Free Zones

I am in favor of allowing teachers the option of defending our children and themselves.

I am in favor in paying higher taxes to have full time ARMED Police Officers at every Gun Free Zone.

I look forward to hearing your thought's
