

Advisory

Preventing Cell Phone Theft

- Take extra precaution when using your phone in public places; i.e. restaurants, bus stops, libraries, walking on sidewalks.
- Displaying a phone is the same as displaying cash to a thief.
- Be aware of your surroundings before making a call or texting.
- Register your smartphone's GPS tracking system. It can assist the police in the recovery of your phone. Check with your cell phone provider about GPS tracking.
- Call the State Capitol Police Department at 860-240-0240 if you notice any suspicious activity.
