

Dear Senator Bob Duff,

My name is Izabel Lopez. I am eight years old and attend the Mano-A-Mano program at Silvermine Elementary School. I am writing to you because I am passionate about stopping puppy mills. I think puppy mills are cruel to dogs. They do not deserve to spend their lives locked away in a cage. They do not deserve to be breed over and over again. Once they can't breed anymore they are put to death? That is inhumane . They do not deserve to use the bathroom on themselves or starve. Dogs of all ages deserve a loving quality of life. They deserve to be played with, petted, fed, use the bathroom in a place they aren't sleeping in. They deserve to be healthy. Most of all they deserve to be cared and loved for.

Please stop puppy mills and tell me how I can help too.

Sincerely,  
Izabel Lopez
