Subject: Pet Stores in CT.

Obviously I am all for closing down Puppy Mills, but why would you even consider punishing the Pet Stores that are caring people? You are not thinking about these owners who have families to feed and mortgages to pay! This is outrageous! I hope you consider these facts when in deliberation. Think of all the pet lovers, including myself, who go to Pet Stores to purchase a pet, due to the fact, in my case The Dog House In CT. which I trust completely. My family and I have purchased and adopted pets for many years in CT. Again, Please consider the Pet Stores who are trying to make a difference!

Sincerely,
Kathy Cipriani
