Perspective from a dinosaur in the
Conn. Pet Industry —

- 20 YRS in Conn. 1969 - 1989
- sold on AVERAGE 7000 puppies per year
- How many sold + subsequently became sick — Listen + Learn
- How about today
Listen + Learn
- Why is the Left so adamant about stopping the sale of puppies at Pet Stores
- It is a 30-40 yr. Crusade
- There is no basis for this Crusade other than a hatred for Pet Stores as a principle.
- This should stop now — never rear its ugly head again.
