I do not support the sale of puppies and cats in pet stores because there are not good enough regulations to stop pet stores from using poor, abusive breeders. Also, the amount of space provided for dogs and cats in pet stores is not adequate. There are plenty of homeless animals at shelters, as well as decent breeders who provide a loving environment at home. These are places people should get their life-long friend from, where they will be healthy and loved, not from pet stores and irresponsible breeders.. Thank you.
