Message Body:

My wife and I have purchased two dogs from All Pets Club in Branford. We did so with confidence that the available puppies were provided by responsible breeders and the dogs were treated with extreme love and care when they arrived at the store.

As dog lovers we appreciated a location we could take our daughter AND our pet dog and choose from a wide variety of puppies. It enabled us to pick a puppy that would bond with all of us before we brought the puppy home.

Do not restrict the pet stores on the sales of dogs and cats. They provide a valued service at a location the state can easily regulate.

Thank You,
Jim and Rachel Sewitsky
