Subject: Ban 'puppy mill' kittens and puppies

Thank you for banning the sale of commercially-bred animals from cruel 'puppy mills.' It is well known that these puppy mills are inhumane and unsanitary. There are so many pets already crowding our shelters and pounds-as a volunteer in a local shelter, I know firsthand of the many many animals awaiting placement. The last thing we need are sick and abused animals being shipped to our state, purely for profit. My friends rescued 3 'puppy mill' dogs- they didn't even know how to walk and have had serious expensive health problems. Please do the right thing and stop the flow of horrendous cruelty into the state.

Thank you,
Sally Westcott RN
