

YES our Ct. taxes are too high!! Too many taxes and too high!
Gas tax, the temporary income tax, sales tax, fees on licenses,
business taxes, etc.

My daughter lives in NH - my gosh the difference in gas prices
are 20 - 40 cents lower than ours. No income tax, no sales tax,
and prices on food, liquor, clothes are lower. No deposit on
water or soda bottles.

As soon as I can I will leave this state that I lived in for
over 60 years and move to NH.

This state is outrageous in their liberal views, spending,
taxes, etc.
