had a voter complain - he had asked the official checkers at 2 table to explain the questions. The checkers stated they could not explain the questions - he needed...
to speak to one of the registrars. The voter stated that as he approached one of the registrars, George Hargre, the registrar muttered 'shit!' The voter never spoke to the registrar. I did not witness the incident, I was made aware of it when the voter approached me after he voted. He felt the treatment he received was rude. He stated he was going to the town registrar office and report it.

Unofficial checker Sherri Kelly left

1300 Voter Jennifer Corvano came in. She stated she had moved several times and was not sure where she voted. I asked her where she lived. She stated she lived on Capitol Ave, Bridgeport. I informed her she would not vote here but would vote in Bridgeport. She stated she had recently moved and she should still vote here. Her boyfriend then took over. He stated I was rude and she would be voting here. I asked him to leave since he was not a voter. He refused. Over several calls to the registrar's office it was determined that there was a fire at her residence and she was temporarily displaced. The registrar determined that she should vote here. I informed her that she could vote here but the boyfriend had to leave the building. He refused to leave. I informed him I would call the police to remove him and he said he would not leave until I did so. I called the police. He stood there and listened. He then immediately left.
The voter voted using the address 685 Success Ave unit 21. The police did come but the voter and boyfriend were gone. The police said they did speak to him in the parking lot.
