Community Resource Teams

In 2015 the Department of Public Safety will be introducing a new initiative designed to improve our service to the University of Saint Joseph community. The Department of Public Safety will be formed into “Community Resource Teams” or CRTs. With these CRTs individual officers are assigned to specific Residence Halls and other University departments and locations. Their undertaking is to develop a rapport with the students, faculty and staff so that people feel comfortable with the officers, thereby making Public Safety officers more approachable and providing everyone with a sense of safety and wellbeing here on campus. Part of this assignment is to work closely with the RDs and RAs in their respective residence hall to help work with students on any difficulties that appear. CRT Officers will attend residence hall meetings, club meetings and other functions to connect with and better serve the students. An important facet with this program is to help find solutions for the students to solve problems without having to resort to any type of “traditional” enforcement actions such as tickets or referrals. To accomplish this goal, the Department of Public Safety works closely with the Residence Life, Health/Wellness and Student Activities staffs.

Door Access

For security reasons, exterior doors on each residence hall are equipped with a door access card system. A resident student may gain access to a residence hall by using the student’s ID card. Unless instructed otherwise by University personnel, a student is never permitted to duplicate or lend the student’s room key or access card to anyone. In addition, a student should never prop a door or place an obstructing object in a residence hall door that will cause it to remain ajar.

Any student who copies or lends a key or an access card to anyone, props a door or admits an unauthorized guest, will be subject to disciplinary action as determined by the Director of Residential Life and Housing. The fee for a lost room key is $50.00. The fee for a lost key card is $20.00. There is one designated entrance and exit for each of the halls. Students who tamper with emergency exit only doors will be subject to the disciplinary process. Residents are urged to keep room doors locked. Doors leading to the stairwells are fire doors and must be kept closed at all times. Entrance into a residence hall is only permitted though the door with an assigned key or ID card. Entrance through a residence hall window is prohibited.

Surveillance Camera System

The Department of Public Safety maintains 66 surveillance cameras as deterrence and to aid in the investigation of incidents which occur on campus. The University of Saint Joseph has installed these cameras in several overt and covert locations on the campus, The School of Pharmacy, and other campus property. Cameras are never used in restrooms or dressing rooms, nor can they view into the windows of residence hall rooms. Taped surveillance information can be used by law enforcement, public safety, and residence life in the investigation and adjudication of incidents on campus.

Notice to Leave and/or Not to Enter University of Saint Joseph Property

The University of Saint Joseph including its parking lots and all managed lands is private property. Persons are permitted on this property at the discretion of the University of Saint Joseph and its agents. The University of Saint Joseph and its agents may revoke this permission at any time, pursuant to the General Statutes of the State of Connecticut, encompassing Trespassing, section 53a-107. The “Notice to Leave and/or Not to Enter form” allows University of Saint Joseph Public Safety Officers to convey notice
to anyone that due to their actions, they are not permitted on any University property. This area is identified on a map printed on the Notice to Leave – Not to Enter form. A copy of this notice may be provided to the West Hartford Police Department. **Crime Alerts and Timely Warnings – 2015**
In compliance with the Jeanne Clery Disclosure of Campus Security Policy and Campus Crime Statistics Act, [20 USC 1092 (f)] in the event that a situation arises, either on or off campus, that, in the judgment of the Director of Public Safety, constitutes an ongoing or continuing threat, a campus-wide “timely warning” will be issued. In 2015 1 such incident was reported to the respective campuses. The one timely warning was issued to the School of Pharmacy campus on October 15, 2015.

**Crime Prevention Programs – 2015**
The Department of Public Safety in collaboration with the Residence Life staff has established crime prevention programs to help educate resident students on ways to protect themselves and their property. In an incident last semester where an unknown guest entered students’ rooms without their knowledge, it became evident that there were students on campus leaving their room doors unlocked. In response to this the Department of Public Safety in collaboration with Residence Life developed a proactive program to determine how many students are leaving doors unlocked and to advise all residential students about the safe steps they should be taking. The program titled, “YOU WERE NOT IN” was conducted again on Monday, September 21st. All of the rooms were checked in Madonna, Assumption, McAuley and Rosary Halls. If a door was found unlocked a pamphlet was left with safety instructions and the door was then locked.

The Daily Incident and Fire Log is maintained at the Public Safety office and monthly log sheets are printed out each month. These log sheets are preserved in a binder. The Daily Incident and Fire Log is available for public inspection at the Public Safety office in McGovern Hall.

Crime Alerts and Timely Warnings
In the event that a situation arises, either on or off campus, that, in the judgment of the Director of Public Safety, constitutes an ongoing or continuing threat, a campus-wide "timely warning" will be issued. Depending upon the situation, the means employed to convey the information may include any or all of the following medium;
• The USJAlert system,
• Campus e-mail to students, faculty and staff,
• Written notices posted in the Residence Halls and on campus bulletin boards.

Anyone with information warranting a timely warning or campus alert should report the circumstances to the Department of Public Safety by calling 860-231-5222 or 5222 from any campus phone. The 2015 Timely Warning information is attached with this report, (see Appendix III).

Sexual Assault Response:
Sexual Misconduct

University of Saint Joseph’s Commitment to a Safe Environment

A report of sexual harassment, assault, intimate partner violence or stalking will be taken seriously, promptly investigated and addressed. While respecting the rights of all parties involved, the safety and well-being of the complainant and the campus community are the University’s primary concern. Appropriate action will be taken to discipline an offending party. The University of Saint Joseph maintains an on record sexual misconduct policy, a commitment to investigation, support, and protection of any involved parties, annually published security reports, as well as prevention initiatives.

What to Do After an Assault:

1. Immediate Danger
   - Get away from the attacker to a safe place as fast as you can.
   - On-campus students call Public Safety at (860)231-5222 or 911.
   - If immediate medical attention is needed, call Public Safety at (860)231-5222 who will call 911 or you may go directly to the nearest emergency room.
   - Off Campus call 911.

2. Medical Attention

Resources for Medical Attention:
Seek treatment from participating hospitals with 24/7 access to a Sexual Assault Nurse Examiner (SANE). Participating hospitals in Connecticut include:
Saint Francis Hospital,
Hartford Hospital,
The Hospital of Central Connecticut (New Britain campus),
Manchester Hospital
Middlesex Hospital,
Windham Hospital
You can take a support person with you to the hospital. Also, a sexual assault victim advocate from Connecticut Sexual Assault Crises Services (ConnSACS) can accompany you or meet you at the hospital. Call 24 hours a day 888.999.5545 to request an advocate.
Students may also seek treatment from the USJ’s Health Services located in the Little Red House on campus however this office is not open 24 hours per day nor does it complete the sexual assault evidence collection kit. To contact USJ Health Services call 860.231.5530.

Importance of Preserving Evidence/Before You Arrive at the Hospital
Hospital staff will ask to collect evidence. Whether or not you decide to have evidence collected, it is important that you DO NOT do the following prior to arriving at the hospital: change clothes, shower or bathe, douche, drink, eat, smoke, brush your teeth, use the bathroom unless absolutely necessary. Taking these precautions before the medical exam allows you to keep your legal options open as long as possible. So you are aware, it is possible to have evidence collected by medical professionals and have that evidence secured under a “Jane Doe” designation to preserve a person’s confidentiality.
3. Filing a Report
You are encouraged to file a report with a Title IX coordinator, Campus Safety (860)231-5222 or West Hartford Police (860)523-5203.

4. Counseling
Speak with a counselor either on campus at the Counseling and Wellness Center located in the Little Red House by calling (Monday – Friday 8:30am-4:30pm at (860) 231-5530) or at Connecticut Sexual Assault Crisis Services’ 24 hour hotline (888)999-5545.

Your Rights
1. You have the right to request confidentiality. If you file a report and would like to request confidentiality, the University will give serious consideration to that request. Only in rare situations will the University move forward with a Title IX investigation against the wishes of the Complainant. The Title IX Coordinator will consider several factors in deciding whether confidentiality will be honored, including the age of the Complainant, the pattern and severity of the misconduct, and whether there is a risk of safety to the Complainant and/or the USJ community. If the Title IX Coordinator determines it must proceed with a formal investigation based on these factors, the University will explain its reasoning to the Complainant.

2. You have the right to be notified of existing campus and community based medical, counseling, mental health services, advocates, information and referrals whether or not the crime is formally reported to campus or civil authorities.

3. You have the right to choose to report an incident of sexual misconduct to USJ Public Safety or local police. You also have the right to decline to inform USJ Public Safety or the Municipal Police of the sexual misconduct. The University will not contact law enforcement unless requested or unless there is a threat of immediate danger. You have the right to informally or formally report your incident to Title IX Coordinator (or deputy) and or Public Safety. You may decide to move from an informal report to a formal investigation at any time. You have the right to proceed simultaneously with a criminal investigation and Title IX investigation.

4. You have the right to accommodations regardless of whether you report the incident to the police or USJ public safety. The Complainant has the right to request that interim steps be taken to include but not limited to a change in living arrangements or other modifications to avoid forced contact with the alleged offender. A no contact letter is offered to students by USJ Public Safety whether or not they request the University to fully investigate the incident. Information is also given to the student about obtaining a restraining order from the court.

5. You have the right to a prompt and equitable internal disciplinary process. If you file a complaint with the University, you have the right to a fair and unbiased investigation. If you file a report, the investigation proceedings will be conducted in a timely manner with a resolution within 30 working days of the report. You may also stop the investigation at any time. You have the right to be informed of the status of the proceedings and to be notified in writing of the outcome of the investigation. If you believe the resolution of the investigation to be unfair, you may appeal the decision within two weeks of the resolution by contacting the Title IX Coordinator. For the full appeals policy, go to the TITLE IX: Sexual Misconduct, Domestic Violence, Relationships/Dating Violence, and Stalking Policy section of the Student Handbook.
**Reporting Options**

**Reporting to Confidential Employees:** “Confidential Employees” are those who are legally granted privileged communication and are not required to report sexual misconduct involving students to a Title IX Coordinator. Currently, these include employees in the Counseling and Wellness Center, the Office of Campus Ministry and Student Health Services. Additionally, community members can seek out assistance from an off-campus crisis center, which can maintain confidentiality. Faculty members and other University staff are not confidential resources and are required to contact a University Title IX coordinator.

**Reporting to Responsible Employees (Non-Confidential):** Responsible Employees are required to report to the University’s Title IX Coordinator all relevant details of which they have knowledge about an incident of alleged sexual misconduct involving any USJ student. Responsible employees include faculty and USJ staff members. This does not include counselors the campus minister or health services staff as these members are confidential employees.

**Reporting Directly to Title IX Coordinator/Deputies:** The Title IX coordinator and deputies are responsible for overseeing the prompt investigation and resolution of complaints of sexual misconduct.

Reports should be made to:

**Title IX Coordinator:** Deborah Spencer

**Role:** Receiving and responding to all complaints involving students

**Title IX email address:** Reports can also be sent to the Title IX email address: TITLEIX@usj.edu.

**Reporting Anonymously:** The University of Saint Joseph, Department of Public Safety recognizes the importance of allowing individuals reporting an incident to Public Safety to remain anonymous. The Department of Public Safety utilizes an anonymous reporting tip line. The phone number for the **Anonymous Tip Line** is 860.231.5742 or x5742 from any campus phone. The **Anonymous Tip Line** voicemail will be reviewed by the Director of Public Safety.

**Application for Relief From Abuse**

In the past victims of sexually based crimes, domestic violence, stalking were reluctant to have the Police involved and as such were unable to obtain restraining orders to protect them from their abuser. The State of Connecticut now allows for the victim of abuse to seek relief without having to initially file a Police report. The complainant may fill out an APPLICATION FOR RELIEF FROM ABUSE (JD-FM-137) themselves and present this to the Court. The instruction for filling out this form are to;

“1. *Use a typewriter, print clearly in ink, or fill out on-line. You must also fill out an Affidavit, form JD-FM-138. Give both forms to the Clerk of Court.*
2. After your Application and Affidavit are processed, the clerk will give you the proper papers to have served on the Respondent.
3. Make sure the originals are returned to court after service.”

The AFFIDAVIT - RELIEF FROM ABUSE (JD-FM-138) contains the complainant’s explanation detailing why the APPLICATION FOR RELIEF FROM ABUSE should be issued by the court. The instructions to the complainant applying for Relief from Abuse are;

“This affidavit must be filled out completely and given to the clerk along with your filled out Application for Relief From Abuse, form JD-FM-137. Your affidavit must include a statement of the conditions you seek relief from and must be made under oath (you must swear that your statement is true and sign it in front of a court clerk, a notary public, or an attorney who will also sign and date the affidavit). The statement must be true to the best of your knowledge. State if any arrest was made related to the incidents outlined in this statement.”

At the University of Saint Joseph, the Department of Public Safety is prepared to assist anyone with the preparation and/or filing of these forms. Copies of the APPLICATION FOR RELIEF FROM ABUSE (JD-FM-137) and the AFFIDAVIT - RELIEF FROM ABUSE (JD-FM-138) can be obtained on line, at the Superior Court or from the USJ Department of Public Safety. Examples of the forms can be found in Appendix XI of this report.

Violence Against Women Act (VAWA) (Campus SaVE Act);

The United States Congress, recognizing the severity of the crimes associated with domestic violence, dating violence, sexual assault, and stalking, passed the Violence Against Women Act of 1994 (VAWA) as part of the Violent Crime Control and Law Enforcement Act of 1994. VAWA is described as “a comprehensive legislative package designed to end violence against women.” VAWA has since been reauthorized in 2000, 2005 and 2014. The intention of VAWA was to improve responses by the criminal justice system to domestic violence, dating violence, sexual assault, and stalking and to increase the availability of services for victims of these crimes.

The United States Department of Justice’s Office on Violence Against Women (OVW) was created specifically to implement (VAWA) and subsequent legislation. The VAWA 2000 reauthorization strengthened the original law by improving protections for battered immigrants, sexual assault survivors, and victims of dating violence. In addition, it improved the enforcement of protection orders across state and tribal lines. The VAWA reauthorization in 2005 continued to improve the law by, (in OVW’s description), “providing an increased focus on the access to services for underserved populations.”

On March 7, 2014, President Obama signed a bill that strengthened and reauthorized the Violence Against Women Act. Included in the bill was the Campus Sexual Violence Elimination Act (Campus SaVE), which amends the Jeanne Clery Act and affords additional rights to campus victims of sexual violence, dating violence, domestic violence, and stalking.
Beginning in 2014, every College and University participating in Title IV financial aid programs will be required to; 1. Compile statistics of incidents of sexual assault, domestic violence, dating violence, and stalking that occur within Clery geography and are reported to campus security authorities and 2. Include within its Annual Security Report a statement of policy regarding procedures, explanations, educational programs and services afforded to the victims of such crimes.

Below are the definitions of those crimes related with VAWA as described by the US Department of Justice OVW;

**What is Domestic Violence?** Domestic violence can be defined as a pattern of abusive behavior that is used by an intimate partner to gain or maintain power and control over the other intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological actions or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound someone.

**What is Sexual Assault?** Sexual assault can be defined as any type of sexual contact or behavior that occurs by force or without consent of the recipient of the unwanted sexual activity. Falling under the definition of sexual assault is sexual activity such as forced sexual intercourse, sodomy, child molestation, incest, fondling, and attempted rape. It includes sexual acts against people who are unable to consent either due to age or lack of capacity.

**What is Dating Violence?** Dating violence is defined as violence committed by a person who is or has been in a social relationship of a romantic or intimate nature with the victim; and where the existence of such a relationship shall be determined based on a consideration of the following factors:
- The length of the relationship
- The type of relationship
- The frequency of interaction between the persons involved in the relationship

**What is Stalking?** Stalking can be defined as a pattern of repeated and unwanted attention, harassment, contact, or any other course of conduct directed at a specific person that would cause a reasonable person to feel fear.

Definition of Terms

**Sexual Violence** is any physical acts perpetrated against a person’s will or where a person is unable to give consent. This includes all forms of sexual harassment including rape, sexual assault, sexual battery, and sexual coercion.

**Sexual exploitation** occurs when a student takes non-consensual or abusive sexual advantage of another for his/her own advantage or benefit or benefit or advantage another one other than the one being exploited, and that behavior does not otherwise constitute one of the other sexual misconduct offences. Examples include invasion of sexual privacy, non-consensual video or audio taping of sexual activity, engaging in voyeurism, exposing ones genitals and knowingly transmitting an STI or HIV to another student.

**Intimidation** implied threats or acts that cause an unreasonable fear of harm in another.

**Economic abuse** withholding economic resources to intimidate, threaten, or cause the victim to remain in a relationship because of lack of access to finances. Examples include but not limited to sabotaging employment opportunities and withholding money.

**Emotional/Psychological Abuse** any behavior verbal or non-verbal that the respondent does to control the complainant and or damage the complainant’s emotional well-being. Examples include but not
limited to name-calling, mocking, yelling or making humiliating remarks, monitoring phone calls, texts, or computer use.

**Technological Abuse** the use of technology to control, harass, intimidate, or stalk another person. Examples include hacking or logging into a victim’s email or other electronic accounts without permission, installing tracking devices on cellphone, manipulation through social media, violation of information privacy and sending insulting or threatening emails or messages.

**Hazing** are acts likely to cause physical or psychological harm or social ostracism to any person with in the university community, when related to the admission, initiation, pledging, joining or any other group-affiliation activity.

**Sexual harassment** can be defined as *unwelcome conduct* of a sexual nature. This can include such actions as making unwelcomed sexual comments about appearance, clothing, or body parts.

**Sexual assault** is a sexual act committed or attempted against one’s will. It includes a range of acts from unwelcome sexual touching to forced sexual intercourse. Sexual assault refers to any sexual act without the explicit consent of the recipient.

**Stalking** involves any behaviors or activities occurring on more than one occasion that collectively instill fear in the complainant and/or threaten her/his safety, mental health, and/or physical health. Such behaviors or activities may include, but are not limited to non-consensual communications (face to face, telephone, e-mail), threatening or obscene gestures, surveillance, or showing up outside the targeted individual’s classroom or workplace.

**Relationship/Dating Violence** is a pattern of behavior in an intimate relationship that is used to establish power and control over another person through fear and intimidation. A pattern of behavior is typically determined based on the repeated use of words and/or actions and inactions in order to demean, intimidate, and/or control another person. This behavior can be verbal, emotional and/or physical.

**Domestic Violence** is a pattern of abusive behavior in any relationship that is used by one partner to gain or maintain power and control over another intimate partner. Domestic violence can be physical, sexual, emotional, economic, or psychological action or threats of actions that influence another person. This includes any behaviors that intimidate, manipulate, humiliate, isolate, frighten, terrorize, coerce, threaten, blame, hurt, injure, or wound someone. **Coercion** is unreasonable pressure for sexual activity. Coercion is the use of emotional manipulation to persuade someone to do something they may not want to do such as being sexual or performing certain sexual acts. Being coerced into having sex or performing sexual acts is not consenting to having sex and is considered sexual misconduct.

**Consent** is defined as clear, knowing and voluntary agreement by an individual of legal age. Silence, on its own, cannot be interpreted as consent. Neither relationship nor prior permission implies future consent. Someone who is incapacitated (i.e. from drugs, alcohol, being asleep, unconscious or because of an intellectual or other disability) cannot consent. Consent can be withdrawn at any time. Coercion, force or threat invalidates consent.

**Force** may include, but is not limited to, the use or display of a weapon, physical immobilization, threats, intimidation or coercion. Another example of force is psychological pressuring or any attempt to take
advantage sexually of an individual under duress or incapable of making a decision on his or her own. This includes situations in which an individual is under the influence of alcohol, drugs, or otherwise physically incapacitated.

**Know Your Options**

An individual reporting an incident of sexual misconduct is considered the “complainant” and the individual who the incident is reported against is the “respondent”. The University encourages complainant of sexual harassment, assault, violence or stalking to talk to somebody about what happened – so the complainant can get the support they need, and so the University can respond appropriately. Different employees on campus have different abilities to maintain a victim’s confidentiality.

- Some are required to maintain near complete confidentiality; talking to them is sometimes called a “privileged communication.”
- All other employees are required to report all the details of an incident (including the identities of both the complainant and respondent) to the Title IX coordinator. A report of these employees (called “responsible employees) constitutes a report to the University – and generally obligates the College to investigate the incident and appropriate steps to address the situation.

This policy is intended to make students aware of the various reporting a confidential disclosure options available to them – so they can make informed choices about where to turn should they become a complainant of sexual violence. The University encourages the complainant to talk to someone identified in one or more of these groups regardless if the respondent is an employee, student or a non-campus third party individual.

**The Options**

**A. Privileged and Confidential Communications**

**Professional and Pastoral Counselors**

Professional, licensed counselors and pastoral counselors (not including Campus Ministry employees) who provide mental-health counseling to members of the university community (and including those who act in that role under the supervision of a licensed counselor) are not required to report any information about an incident to the Title IX coordinator without a complainant’s permission.

A complainant who speaks to a professional counselor must understand that, if the complainant wants to maintain confidentiality, the University will be unable to conduct an investigation into the particular incident or pursue disciplinary action against the respondent. Even so, these counselors will still assist the complainant in receiving other necessary protection and support, such as victim advocacy, academic support or accommodations, disability, health or mental health services, and changes to living, working or course schedules. A complainant who at first requests confidentiality may later decide to file a complaint with the University or report the incident to local law enforcement, and thus have the incident fully investigated. The counselors will provide the complainant with assistance if the victim wishes to do so.
B. Reporting to “Responsible Employees”

A “responsible employee” is a University employee who has the authority to redress sexual violence, who has the duty to report incidents of sexual violence or other student misconduct, or who a student could reasonably believe has this authority or duty. When a complainant tells a responsible employee about an incident of sexual violence, the complainant has the right to expect the University to take immediate and appropriate steps to investigate what happened and to resolve the matter promptly and equitably.

A responsible employee must report to the Title IX Coordinator all relevant details about the alleged sexual violence shared by the complainant and that the University will need to determine what happened – including the name(s) of the complainant and respondent(s), any witnesses, and any other relevant facts, including the date, time and specific location of the alleged incident. To the extent possible, information reported to a responsible employee will be shared only with people responsible for handling the University’s response to the report. A responsible employee should not share information with law enforcement without the complainant’s consent or unless the complainant has also reported the incident to law enforcement.

Before the complainant reveals any information to a responsible employee, the employee should ensure that the complainant understands the employee’s reporting obligations – and, if the complainant wants to maintain confidentiality, direct the complainant to confidential resources.

If the complainant wants to tell the responsible employee what happened but also maintains confidentiality, the employee should tell the complainant that the University will consider the request, but cannot guarantee that the University will be able to honor it. In reporting the details of the incident to the Title IX Coordinator, the responsible employee will also inform the Title IX Coordinator of the complainant’s request for confidentiality. Responsible employees will not pressure a complainant to request confidentiality, but will honor and support the complainant’s wishes, including for the University to fully investigate an incident. By the same token, responsible employees will not pressure a complainant to make a full report if the complainant is not ready to.

Certain campus officials have a duty to report sexual assault, domestic violence, dating violence and stalking for federal statistical reporting purposes (Clery Act). All personally identifiable information is kept confidential, but statistical information must be passed along to the Director of Public Safety regarding the type of incident and its general location (on or off-campus, in the surrounding area, but no addresses given) for publication in the annual Campus Security Report.

This report helps to provide the community with a clear picture of the extent and nature of campus crime, to ensure greater community safety. The information to be shared includes the date, the location of the incident (using Clery location categories) and the Clery crime category. This reporting protects the identity of the complainant and may be done anonymously.

Complainants of sexual misconduct should also be aware that University of Saint Joseph administrators must issue immediate timely warnings for incidents reported to them that are confirmed to pose a substantial threat of bodily harm or danger to members of the campus community. The University will make every effort to ensure that a complainant’s name and other identifying information is not
disclosed, while still providing enough information for community members to make safety decisions in light of the danger.

Good Samaritan Policy

The health and safety of University of Saint Joseph students are a main concern for the institution. All students are expected to be concerned community members for themselves and active bystanders for others. There may be times when a student is in a situation under the influence of alcohol or drugs where medical attention is necessary. Students have an ethical responsibility by contacting a Residence Life or Public Safety staff member for immediate assistance.

Students that request medical assistance on their own behalf or for another individual will not face disciplinary action due to this policy. Any student who contacts the above departments on behalf of another student will also not receive any disciplinary action unless they are in violation of a major alcohol or drug policy. Under the Good Samaritan policy, the violation will be handled through an educational sanction instead of a disciplinary sanction.

Students will be granted to fall under the Good Samaritan policy only once. In order for this policy to apply to the student, she is required to read and abide by the protocol from the Transport Information and Release form. Repeat incidents will result in the student participating in the student conduct process. This policy does not negate any other policy violations in the Student Code of Conduct.

Reporting Procedures

Any member of the University of Saint Joseph Community who has experienced, witnessed as a bystander or learned about any sexual harassment, assault, domestic violence or stalking is encouraged on or off campus to contact the Title IX Coordinator/Deputy and/or Campus Safety. Reporting an act of sexual misconduct allows the institution to pursue safety and support for the complainant and the community. The complainant may request confidentiality, but should recognize this may limit the institution’s ability to respond. Where the complainant provides consent, University personnel will strive to protect the privacy of any involved students during the reporting and investigation process. Where strict confidentiality is not possible, discernment and sensitivity will be used in sharing information on a need-to-know basis only.

If the University determines that it cannot maintain a complainant’s confidentiality, the University will inform the complainant prior to starting an investigation and will, to the extent possible, only share information with people responsible for handling the University’s response.

The safety and well-being of the complainant and the campus community are the institution’s primary concern. It is the complainant’s choice (if he or she is of legal age) whether to file a formal complaint with local law enforcement and/or the University at any point in the informal process. In addition the complainant may stop proceedings at any time.

In cases where University personnel have reason to believe an incident of sexual misconduct has occurred, the institution is legally obligated to investigate and respond. This may occur without the receipt of a formal complaint.

Title IX Coordinator/Deputy

The individuals responsible for Title IX compliance at the University of Saint Joseph are:
Title IX Coordinator: Deborah Spencer  
860.231.5390 or dspencer@usj.edu  
Role: Receiving/recording complaints, notifying appropriate Title IX Deputy and other administrators, and tracking resolution.

Deputy Coordinator; Title IX Investigator: Paul Lombardo  
860.231.5396 or plombardo@usj.edu  
Role: Receiving and responding to all complaints involving students and other members of USJ community, including investigations

Deputy Coordinator: Tracy Lake, MA, Asst. Dean of Student Affairs,  
860.231.5447 - tlake@usj.edu  
Role: Receiving and responding to all complaints involving students

A complaint can also be sent through email to TitleIX@usj.edu. Formal complaints of Title IX noncompliance (including sexual misconduct) should be reported to a Title IX coordinator, who will oversee the investigation, resolution, appeals process and any report of retaliation. Complaints can also be made via the University’s ethics line reporting at: https://secure.ethicspoint.com/domain/media/en/gui/33024/index.html.

Anonymous Reporting
The University of Saint Joseph, Department of Public Safety recognizes the importance of allowing individuals reporting an incident to Public Safety to remain anonymous. The Department of Public Safety utilizes an anonymous reporting tip line. The phone number for the Anonymous Tip Line is 860.231.5742 or x5742 from any campus phone. The Anonymous Tip Line voicemail will be reviewed by the Director of Public Safety. All calls will remain anonymous unless the caller states that they wish to be contacted.

Investigation Procedures
Upon receipt of a formal complaint, a timely investigation will be conducted. An investigation will begin within 10 working days* of the received complaint and may include, but is not limited to the following steps:

- Both complainant and respondent have equitable rights during the investigation (i.e. have the same opportunities to produce evidence or witness).
- Fact finding interview with the complainant (procedures will be based on the “preponderance of the evidence standard”).
- Interviews or written statements from witnesses.
- Interview with the respondent with opportunity to respond to all allegations.
- Written record of all interviews and pertinent information (confidentially maintained).
- Mediation is not an appropriate final decision in these cases.
- Notice of a student’s right to file a criminal complaint and a Title IX complaint simultaneously

University of Saint Joseph may take interim steps to ensure the safety and wellbeing of the complainant before the final outcome of the investigation. The complainant has the right to request that immediate interim steps be taken to include but not limited to a change in living arrangements or other modifications to avoid forced contact with the respondent. A respondent may be asked to change their work schedule, alter their academic schedule, withdraw from a class, be suspended or removed from campus housing and/or declared an unapproved guest on campus, pending the outcome of the investigation. Also, when deemed appropriate the University can issue a no-contact letter between the parties involved.
Unapproved guests are subject to additional University disciplinary action or arrest if found on campus. The conclusion of the investigation can be expected within 30 workdays* and will be communicated in writing to the complainant and the respondent.

Incidents involving respondents who are nonmembers of the University community will be processed according to local and state laws.

*Workdays are defined by the days the University is open for business.

Disciplinary Response
Where there is sufficient evidence to conclude that sexual misconduct has occurred, the resolution for a student respondent will include disciplinary action. This may include, but is not limited to:

- Written Apology
- Personal Accountability
- Issuance of a “No Contact Letter”
- Ban from Campus
- Counseling - a University Counselor staff member will administer counseling for a set amount of time. University Counselors may recommend additional counseling or testing if needed.
- Suspension
- Removal from campus housing, but not classes
- Voluntary Withdrawal from campus housing and classes
- Dismissal from campus housing and classes

Results of Disciplinary Procedures
Both the complainant and respondent will receive simultaneous written notification of the outcome of disciplinary hearing, sanctions (if imposed) and the institution’s appeal process. The University maintains records for seven years according to Clery requirements or a specific length of time based upon Connecticut law. The following records will be kept: informal and formal complaint, including individuals involved, investigative steps taken, documentation received, individuals interviewed, decisions reached and reason(s) for the decision(s) reached.

Appeal Procedures
If either student party believes the resolution of the investigation to be unfair or unsubstantiated, he or she may contact the Vice President of Student Affairs/Dean of Students to appeal this decision. An appeal will be processed through a hearing with the Student Appeals Board. An appeal of the findings must be requested within 2 weeks from the date on the original resolution letter. This request must be made to the Vice President of Student Affairs/Dean of Students, located on the 2nd floor of McGovern, 860.231.5737 or cbarnard@usj.edu.

It is important to note that the Student Appeals Board only holds a hearing if it appears that the student was not treated equitably and that the appropriate procedures were not followed. Specific information regarding the Student Appeals Board can be found in the Student Handbook.

Incidents involving respondents who are nonmembers of the University community cannot be appealed through University proceedings, but rather will be processed according to local and state laws.
All participants will be reminded during the hearing that their participation and testimony must remain confidential following the hearing. Committee members shall not discuss the case with anyone outside of the hearing.

**Retaliation**
The University of Saint Joseph strictly prohibits any form of retaliation against individuals who report sexual misconduct or assist in the investigation. Retaliation is any action that could be perceive as intimidation, hostility, harassment, retribution, threats or violence in connection with the report or investigation of an incident of sexual misconduct. The University will respond to retaliation as a separate incident.

**Care after a Sexual Assault**
Individuals who have been sexually assaulted will be treated with dignity, respect and should immediately consider the following important steps:

1. Get away from the attacker to a safe place as fast as you can.
   - On-campus students should call their Resident Coordinators/Resident Assistant immediately or go directly to the nearest emergency room.
   - Off-campus students are encouraged to call a trusted friend or a member of Counseling and Wellness Center and/or Student Health Services.
   - If immediate medical attention is needed, call Campus Safety at 860.231.5222 and they will call 911.

2. Seek medical care due to possible exposure to health risks.

**Resources for Medical Attention**
Complainants of sexual assault should seek treatment from hospitals that participate in the SAFE program. The SAFE program is a complainant services program that provides participating hospitals with 24/7 access to Sexual Assault Nurse Examiner (SANE) who are sexual assault forensic examiners and use “rape kits” to collect forensic evidence. Participating hospitals in Connecticut include: Saint Francis Hospital, Hartford Hospital, The Hospital of Central Connecticut (New Britain campus), Manchester Hospital, Middlesex Hospital, and Windham Hospital.

You can take a support person with you to the hospital. Also a sexual assault complainant advocate from Connecticut Sexual Assault Crises Services (ConnSACS) can accompany you or meet you at the hospital. Call 24 hours a day 888.999.5545 to request an advocate. Hospitals can also call and request an advocate for you.

Students may also seek treatment from the USJ’s Health Services located in the Little Red House on campus however this office does not complete the sexual assault evidence collection kit. To contact USJ Health Services call 860.231.5530.

**Importance of Preserving Evidence/Before You Arrive at the Hospital**
Hospital staff will ask to collect evidence. Whether or not you decide to have evidence collected, it is important that you DO NOT do the following prior to arriving at the hospital: change clothes, shower or bathe, douche, drink, eat, smoke, brush your teeth, use the bathroom unless absolutely necessary. Taking these precautions before the medical exam allows you to keep your legal options open as long as possible. These activities can destroy vital evidence. If you have not changed your clothes, bring a
change of clothes with you. If you’ve changed your clothes since the assault, place the clothes you wore at the time of the attack in a paper bag (not plastic). Bring them with you to the emergency room. Let your nurse or doctor know you have them, and tell them if you have done anything else (washed, etc.) before you arrived.

Campus Safety; Workplace and Campus Violence Prevention and Weapon Policies:
III. WORK PRACTICES
   A. CAMPUS SAFETY

Safety is a major concern for everyone on campus, and the University strives to provide an ideal environment for learning, working and living. The University has instituted numerous policies and procedures to enhance security. Campus Safety and Emergency policies and procedures are maintained up-to-date on the University’s website, and all employees are required to read and comply with these policies and procedures.

Members of the University community have a responsibility to use the security procedures and services available and must be accountable for their own well-being and also for the welfare of others. The University urges all members of the community to participate in maintaining campus safety by promptly reporting any suspicious circumstances, accidents or criminal activity to the Department of Public Safety.

The University provides information to employees about workplace safety and health policies and issues through the University website, as well as other internal communication channels such as supervisor-employee meetings, e-mails, bulletin board postings, memos, and other written communications. It is the employee’s responsibility to read and comply with these notices.

Workplace Injuries
In the case of an accident that results in an injury, no matter how insignificant the injury may appear, employees must notify the appropriate supervisor and the Human Resources and Public Safety departments as soon as possible, but not more than 24 hours, after the injury occurs. Such reports are necessary to comply with laws and initiate insurance and Workers’ Compensation benefits.

The Department of Public Safety
The Department of Public Safety provides security and other services for the main campus, School of Pharmacy and The School for Young Children. Public Safety Officers are trained in areas applicable to their position in a college setting and their orientation is towards service, prevention and detection. Officers are trained to solve problems and will assist employees and students to the extent possible. Officers patrol the campus constantly and are here for the benefit of all members of the campus community. Employees are encouraged to call upon them for assistance.

The Safety Committee
The Campus Safety Committee meets regularly to address issues concerning the health and safety of the campus community. The committee is comprised of faculty, staff and students and is chaired by the senior Public Safety administrator. Health and safety issues to be addressed by the committee can be communicated to the senior Public Safety administrator.

Personal Safety
The main campus is an open campus, meaning there are no outer protective boundaries and the campus is easily accessible to individuals not affiliated with the University. The School of Pharmacy is secured and accessed through card keys; Public Safety is available only as
scheduled at the School of Pharmacy campus. Faculty, staff, and students working in their offices, classrooms and laboratories at either campus are encouraged to follow these personal safety recommendations:

- Report any suspicious persons to Public Safety immediately;
- Lock valuables in a file cabinet or desk when at work;
- Lock office doors even if leaving for a brief period of time;
- Notify Public Safety when you are working late, on weekends or holidays;
- Lock windows and doors when you leave for the day.

Escort
Public Safety offers a campus escort service on the main campus to all members of the University community. Contact Public Safety and a Public Safety Officer will gladly escort you anywhere on campus.

Emergency Blue Lights
There are Emergency Blue Lights located on the main campus. When utilized, these phones will automatically dial Public Safety, announce the caller’s exact location to the Public Safety Officer and activate the flashing blue light on top of the tower. The caller may then speak with the Officer and provide the necessary details regarding your situation.

Fire Alarms
If the fire alarm sounds, all persons are required to immediately leave the building and keep a safe distance away from the building. The West Hartford or Hartford Fire Department and the Department of Public Safety will be notified automatically. Do not use elevators when evacuating a building.

Calling 911
Any situation in which life, physical well-being or property is in immediate jeopardy constitutes an emergency. In determining whether to call 911 in an emergency, employees should exercise judgment on the side of caution. If there is a question about the need for help, the employee should call for it.

When calling 911, the employee should be prepared to provide the dispatcher with as much information as possible about the emergency including exact location, type of emergency, extent of injuries, number of people involved, etc. Do not hang up the phone unless instructed to by the dispatcher or if your own personal safety is in jeopardy.

After calling 911, and if able to do so safely, the employee should contact Public Safety so that a Public Safety Officer can assist in directing emergency personnel to the appropriate location on campus.

Uniform Campus Crime Report (UCCR)
The Federal Student Right-to-Know and Campus Security Act of 1990 is federal legislation requiring colleges and universities to disclose certain timely and annual information about campus crime and security policies. All public and private institutions of post-secondary education participating in federal student aid programs are required to provide this information.
UNIVERSITY OF SAINT JOSEPH
EMPLOYEE HANDBOOK

The UCCR is available from the Department of Public Safety. All enrolled students and current employees are notified of the report’s availability and paper copies are available from the Department of Public Safety. In addition, Incident Logs and Campus Safety Alerts are available for review upon request.

The Department of Public Safety is the central reporting center for possible criminal offenses that occur on campus. Community members are encouraged to report all crimes and campus safety related incidents in a timely manner. Reporting incidents will aid in providing timely advisories to the community, when appropriate, and will ensure inclusion of the incident in the annual disclosure of crime statistics for the institution. The University allows victims or witnesses to report crimes on a voluntary confidential basis for inclusion in the annual disclosure of crime statistics.

Safety Awareness & Training
The University of Saint Joseph has established an employee safety program which includes communications regarding potential hazardous conditions, material safety data sheets (MSDS), an employee safety handbook and employee training. Copies of these materials are available from the Department of Public Safety.

Employees with job duties that require safety training receive training within a timely manner upon employment and on an annual basis thereafter, as required. Employees whose jobs do not require training but would like to attend a program will be accommodated on a space available basis.
III. WORK PRACTICES

B. WORKPLACE AND CAMPUS VIOLENCE PREVENTION
(revised 1/1/2016)

The University is committed to preventing campus and/or workplace violence and to maintaining a safe work environment. The college has adopted the following guidelines to deal with intimidation, harassment, or other threats of violence or actual violence that may occur on its premises or related to its affairs.

All employees and community members should be treated with courtesy and respect at all times. Employees are expected to refrain from fighting, "horseplay," or other conduct that may be dangerous to others. Firearms, weapons, and other dangerous or hazardous devices or substances are prohibited from the premises of the college.

Conduct that threatens, intimidates, or coerces another employee, a student, or a member of the public will not be tolerated. This prohibition includes all acts of harassment, including harassment that is based on an individual's gender, race, age, sexual orientation, religion or any characteristic protected by federal, state, or local law.

All threats of violence or actual violence, both direct and indirect, should be reported as soon as possible to Public Safety, the employee’s immediate supervisor, and/or any other member of management. This includes threats by employees, as well as threats by students, vendors, solicitors, or other members of the public. When reporting a threat of violence, the employee should be as specific and detailed as possible.

All suspicious individuals or activities should also be reported as soon as possible to a supervisor and the Public Safety department. Employees should not place themselves in peril by trying to intercede or see what is happening during a potentially violent situation.

The University will promptly and thoroughly investigate all reports of threats of violence or actual violence and of suspicious individuals or activities. The identity of the University employee making a report will be protected as much as is practical. In order to maintain workplace safety and the integrity of its investigation, the University may suspend employees, either with or without pay, pending investigation.

Anyone determined to be responsible for threats of violence or actual violence or other conduct that is in violation of these guidelines will be subject to prompt disciplinary action up to and including termination of employment.

The University encourages employees to bring their disputes or differences with other employees to the attention of their supervisors and/or the Human Resources Department before the situation escalates. Employees who have been threatened with violence by people outside of the University community (e.g., family members) are encouraged to notify Public Safety of these concerns. The University is ready to assist in the resolution of employee disputes, and will not discipline employees for raising honest concerns.

Effective 7/1/2010 except as otherwise noted
UNIVERSITY OF SAINT JOSEPH
EMPLOYEE HANDBOOK

III WORK PRACTICES

Firearms include but are not limited to pistol, revolver, shotgun, machine gun, rifle, fire caps, explosive devices, fireworks and similar items. APPLICATION FOR RELIEF FROM ABUSE

In the past victims of sexually based crimes, domestic violence, stalking were reluctant to have the Police involved and as such were unable to obtain restraining orders to protect them from their abuser. The State of Connecticut now allows for the victim of abuse to seek relief without having to initially file a Police report. The complainant may fill out an APPLICATION FOR RELIEF FROM ABUSE (JD-FM-137) themselves and present this to the Court. The instruction for filling out this form are to;
“1. Use a typewriter, print clearly in ink, or fill out on-line. You must also fill out an Affidavit, form JD-FM-138. Give both forms to the Clerk of Court.
2. After your Application and Affidavit are processed, the clerk will give you the proper papers to have served on the Respondent.
3. Make sure the originals are returned to court after service.”

The AFFIDAVIT - RELIEF FROM ABUSE (JD-FM-138) contains the complainant’s explanation detailing why the APPLICATION FOR RELIEF FROM ABUSE should be issued by the court. The instructions to the complainant applying for Relief from Abuse are;
“This affidavit must be filled out completely and given to the clerk along with your filled out Application for Relief From Abuse, form JD-FM-137. Your affidavit must include a statement of the conditions you seek relief from and must be made under oath (you must swear that your statement is true and sign it in front of a court clerk, a notary public, or an attorney who will also sign and date the affidavit). The statement must be true to the best of your knowledge. State if any arrest was made related to the incidents outlined in this statement.”

At the University of Saint Joseph, the Department of Public Safety is prepared to assist anyone with the preparation and/or filing of these forms. Copies of the APPLICATION FOR RELIEF FROM ABUSE (JD-FM-137) and the AFFIDAVIT - RELIEF FROM ABUSE (JD-FM-138) can be obtained on line, at the Superior Court or from the USJ Department of Public Safety.
