Narrative
I. Organization Information

Since 1963, Manchester Community College has been serving the citizens and communities of eastern Connecticut as a leading provider of educational excellence in our region, and one of the largest community colleges in the State of Connecticut. MCC serves 15,000 students per year, including nearly 10,000 credit students. The class of 2018 had more than 800 graduates earning degrees and/or certificates.

Material is available to all faculty and staff. This information includes MCC Contacts and Community Resources and 24 hour numbers. III. Reportable Sexual Violence Statistics and Data

Manchester Community College offered numerous sexual assault and stalking prevention
awareness, risk reduction programs; bystander training and prevention, awareness and risk reduction programs regarding intimate partner violence in 2018. Please see the attached spreadsheet for more detailed explanation. More than 3,000 members of the MCC community participated in training during 2018.

There was one (1) incident of sexual violence in the area of intimate partner violence this year. The Campus Police met with both parties and offered supportive services. The numbers of incidents continue to be low on campus and we attribute this to the heightened awareness, prevention and risk reduction programming and training the college provides.

- Risk reduction means options designed to decrease perpetration and bystander inaction, and to increase empowerment for victims in order to promote safety and to help individuals and communities address conditions that facilitate violence.

While VAWA's definition is criticized as implying that victims can prevent sexual violence by participating in risk reduction programs, it is still helpful in categorizing institution's sexual violence programs and initiatives for reporting purposes. Examples of risk reduction programs related to sexual violence include, but are not limited to, the following: blue safety lights on campus, self-defense classes, safety tips, bystander intervention techniques, the buddy system, rape whistles, and related educational programming.
