

## CT Kids Report Card

### School Based Health Centers Strategic Action Group

Serve as a centralizing force for existing initiatives and promising new practices to address school based health centers, promote communication and collaboration among critical state agency and community-based partners, and report to the CT Kids Report Card Leadership Committee on statewide progress toward desired results for all children

#### Members

Knowledgeable and experienced stakeholders invited to join the School Based Health Centers SAG by co-chairs of the Committee on Children and the CT Kids Report Card Leadership Committee to: assess trends; identify best practices; develop proposed state strategies and help oversee their implementation; and organize, as needed, interdisciplinary project teams to manage and assess specific programs and initiatives undertaken to make the children served measurably better off
