

## **Legislative Appointments**

The Connecticut Legislative Library manages information related to legislative appointments to boards. Specifically, we keep track of the appointments by legislative leaders (Speaker, Senate President Pro Tempore, House Majority Leader, House Minority Leader, Senate Majority Leader and Senate Minority Leader) as specified by statute or special act.

**The Library does not formally track appointment information on boards that do not have legislative appointments**, such as Governor's boards, agency boards or judiciary boards. Nor do we formally track internal task forces created by the legislative leaders. We do however, keep an informal master list of state boards with whatever information is available. This master list is not necessarily complete or up to date.

We keep a master file of legislative appointment letters and maintain an online database of appointment information, including membership rosters and details regarding terms and qualifications.

The Library can provide membership rosters of specific boards on request.

Legislative aides to the leaders may receive database privileges and training to use the appointments database on a limited basis.

For information on appointments, contact Carrie Rose at x8880 or [carrie.rose@cga.ct.gov](mailto:carrie.rose@cga.ct.gov).
