**Adjust Funding to Reflect Wage & Compensation Related Costs**

**Governor**

Provide funding of $2,951,415 in FY 16 and $1,457,938 in FY 17, and reduce seven positions, to reflect current services wage-related adjustments such as annual increments, general wage increases, overtime, annualization, turnover, and other compensation-related adjustments. This also reflects the transfer of positions to the Department of Mental Health and Addiction Services for the central contracting unit.

**Adjust Operating Expenses to Reflect Current Requirements**

**Governor**

Provide funding of $22,900,448 in FY 16 and $35,095,211 in FY 17 in Other Expenses to reflect FY 16 and FY 17 anticipated expenditure requirements. These costs include various reductions in contracts, increased costs for new leases and software licenses, and an adjustment to reflect anticipated FY 15 expenses, which is largely due to increases in DSS's share of expenses related to the Exchange.

**Background**
DSS’ Medicaid program provides remedial, preventive, and long-term medical care for income eligible aged, blind or disabled individuals, low income adults and families with children. Payment is made directly to health care providers, by the department, for services delivered to eligible individuals. The program complies with federal Medicaid law (Title XIX of the Social Security Act) and regulations. Prior to FY 13, Medicaid expenditures reflected both the state and federal share. Due to the net appropriation of the Medicaid account adopted in FY 14, Medicaid adjustments reflected below only represent the state’s share.

**Governor**
Provide funding of $50,311,421 in FY 16 and $62,176,421 in FY 17 to reflect expenditure trends in the Medicaid program. This represents an increase of 2% in FY 16 and an additional 0.6% in FY 17.

Background
In July 2014, the federal Centers for Medicare and Medicaid Services (CMS) issued a bulletin indicating that state Medicaid programs must cover treatment for Autism Spectrum Disorder (ASD) for individuals under the age of 21. As a result, the department will be covering autism services that are medically necessary based on individualized comprehensive diagnostic evaluation behavior assessments and individualized plans of care.

Governor
Provide Medicaid funding of $12,450,000 in FY 16 and $24.4 million in FY 17 to reflect the annualization of costs for the new ASD coverage.

Legislative
Provide funding of $10,450,000 in FY 16 and $23.4 million in FY 17 to reflect the annualization of costs for the new ASD coverage.

**Background**

The federal Affordable Care Act authorizes the Community First Choice Option, which offers states a 6% increase in federal reimbursement on personal care assistance (PCA) services if the program meets certain criteria. The state will provide coverage of self-directed PCAs as a Medicaid state plan service for individuals at institutional level of care.

**Governor**

Reduce funding by $750,000 in FY 16 and FY 17 to reflect the increased federal share from implementing the Community First Choice Option.

| Total - General Fund | 0 | (13,320,000) | 0 | (13,320,000) | 0 | 0 | 0 | 0 |

**Background**

The FY 14-15 biennial budget assumed that approximately $80 million in supplemental hospital payments would be made (related to the partial distribution of the hospital tax receipts). While the majority of these payments would be reimbursed by the federal government at the normal 50% Medicaid cost share, a portion could be attributable to the Affordable Care Act Expansion population, and therefore eligible for 100% federal reimbursement. The FY 14-15 biennial budget assumed that the additional federal revenue from the portion that receives the 100% federal match would be redistributed to the hospitals.

These additional funds have yet to be distributed to the hospitals. The Governor’s proposed FY 15 deficit mitigation plan assumes that these payments will not be made and the enhanced revenue will be available to offset other Medicaid expenses.
Governor
Reduce Medicaid funding by $13,320,000 in FY 16 and FY 17. The additional federal revenue from the enhanced match on the Medicaid supplemental hospital payments related to the expansion population will be retained by the state and used to offset other Medicaid expenses.

Background
The Medicaid School Based Child Health (SBCH) Program enables participating school districts to seek federal Medicaid reimbursement for covered services provided to an eligible student pursuant to the student's Individualized Education Plan (IEP). Services include assessment, audiology, clinical diagnostic laboratory, medical, mental health, nursing, occupational therapy, physical therapy, respiratory care, speech/language, and optometric services. Administrative activities supporting such Medicaid health services are also eligible for reimbursement.

Governor
Provide funding of $2,130,000 in FY 16 and $2,080,000 in FY 17 to reflect expenditure requirements in the School Based Child Health Program.

Background
The HUSKY B Program provides health coverage for children of families with incomes in excess of 201% of the Federal Poverty Level (FPL). Children of families with incomes up to 323% FPL receive premium subsidies from the state. HUSKY program expenditures typically receive 65% federal reimbursement. As of October 1, 2015, the reimbursement rate will increase to 88%.

Governor

Background
The Temporary Family Assistance (TFA) program provides cash assistance to eligible low-income families. The TFA program limits assistance to 21 months for non-exempt cases, with possible six month extensions for good cause. Individuals in the TFA program are usually eligible for health care services provided under the state's Medicaid program. The average monthly caseload under this (and its predecessor) program has declined from over 60,000 families in FY 95 to approximately 15,948 families at the end of the calendar year 2014.

Governor
Reduce funding by $4,833,231 in FY 16 and $5,400,583 in FY 17 to reflect anticipated expenditure requirements in the TFA program.

Legislative

Background
The Connecticut Home Care Program for the Elders (CHCPE) assists the frail elderly in avoiding unnecessary or premature nursing home care by making available a variety of community-based services. The services covered include home-health aides, visiting nurses, homemaker aides, adult day care, personal assistance, and meals on wheels. The home care program is funded from two separate accounts: the Medicaid account, which is matched by federal funds; and the Connecticut Home Care account, which is funded solely by the state. The funds used to cover services depend upon client eligibility. Medicaid also provides additional home health services outside of CHCPE.

Background
Supplemental Assistance consists of Old Age Assistance, Aid to the Blind and Aid to the Disabled. These programs provide monthly financial assistance to low-income individuals. The supplemental assistance programs are entirely state funded, but operate under both state and federal guidelines. In order to receive benefits, an individual must have another source of income to supplement, such as the federal Social Security, Supplemental Security Income, or Veteran's Benefits. All recipients are automatically eligible for health care benefits under the state Medicaid program.

Governor

**Background**

The State Innovation Model (SIM) was initiated by the federal Affordable Care Act, through the Center for Medicare and Medicaid Innovation (CMMI). The state received a planning grant in March of 2013 to develop a SIM. The SIM’s purpose is to align all healthcare payers in the state (e.g. Medicaid, the state employee and retiree health plan, Medicare, commercial and self-funded plans) around a value-based payment methodology, which focuses reimbursement on quality metrics, as opposed to simply volume and cost reduction measures, through various means.

**Background**

The Connecticut Health Insurance Exchange (Access Health CT) was established as a quasi-public agency to satisfy requirements of the federal Affordable Care Act. Federally subsidized health insurance is available for low income individuals.
Governor
Reduce Medicaid funding by $44.6 million in FY 16 and $82.1 million in FY 17 to reflect the elimination of Medicaid coverage for HUSKY A adults with incomes in excess of 138% of the federal poverty level. This assumes the eventual transition of 34,200 individuals to the Exchange.

Legislative
Reduce Medicaid funding by $2.4 million in FY 16 and $43.5 million in FY 17 to reflect the elimination of Medicaid coverage for non-pregnant adults in the HUSKY "A" program with incomes in excess of 150% of the federal poverty level (FPL). This is anticipated to eliminate coverage for approximately 23,700 individuals when annualized. Sections 370-374 PA 15-5 JSS, a budget implementer, are related to this change.

Governor
Reduce funding by $43 million in FY 16 and $47 million in FY 17 to reflect reductions in Medicaid rates for most providers. The department will have discretion as to the distribution of this reduction. This proposal does not impact federally qualified health centers which are reimbursed under a federally prescribed payment system. To help with access to primary care services, rates for primary care services are not expected to be reduced.

Background
Currently, hospitals pay taxes of 5.5% on inpatient revenue and 3.83% on outpatient revenue. A portion of these proceeds are returned to the hospitals as supplemental Medicaid payments.

Governor
Provide funding of $55,270,000 in FY 16 and $55,650,000 in FY 17 to reflect revisions to the hospital provider tax. This proposal: (1) updates the base year for the tax from 2009 to 2013 total net patient revenues; and (2) equalizes the tax rate on inpatient and outpatient services. The total user fee will increase an additional $165,250,000, from $349.1 million to $514.4 million.

The $165,250,000 in tax receipts are fully returned to hospitals via Medicaid supplemental payments, but due to the net budgeting of the Medicaid account, only the state's share of $55,270,000 is reflected in the budget. The state budget therefore has a net gain of $110,030,000 from this proposal.

Legislative
Provide funding of $50.8 million in FY 16 and $51.2 million in FY 17 to reflect revisions to the hospital provider tax. This amount reflects an updated estimate of the amount that will be generated by the provider tax changes. The net impact to the state and to the hospitals as a whole does not change with this update.

**Background**

The 2014-15 Biennial Budget assumed gross savings of $20 million in savings as a result of nurse delegation and greater use of assistive technology for medication administration.

**Governor**

Reduce funding by $10 million in FY 16 and FY 17 to reflect reducing nursing rates to achieve the savings included in the enacted budget. No savings are anticipated in FY 14 or FY 15.

**Legislative**

Reduce funding by $10 million in both FY 16 and FY 17 to reflect anticipated medication administration programmatic savings. Should the current efforts be shown to not achieve the anticipated savings, DSS may reduce rates after January 1, 2016 to meet the budgeted savings. Section 387 of PA 15-5 JSS, a budget implementer, is related to this change.

In response to the projected FY 15 Medicaid deficiency, DSS undertook several initiatives to lower Medicaid expenditures.

**Governor**

Reduce funding by $5,130,000 in FY 16 and $5,310,000 in FY 17 to reflect the annualization of savings from limiting orthodontia coverage. This reflects moving the minimum qualifying score on the Salzmann index from 24 to 29.

**Legislative**

Reduce funding by $2,052,000 in both FY 16 and FY 17 to reflect moving the minimum qualifying score on the Salzmann index from 24 to 26. Section 390 of PA 15-5 JSS, a budget implementer, is related to this change.

**Background**

Currently, the Department of Social Services provides two reimbursements to pharmacies for prescription drugs. First, pharmacies receive a payment equal to the Average Wholesale Price (AWP) less a discount factor dependent on whether the drug is a brand name drug or a generic. AWP is the standardized pharmacy pricing report. The current discount rate for brand name drugs is AWP minus 16%. Second, pharmacies receive a dispensing fee per prescription. The current dispensing fee is $1.70 per prescription.

**Governor**

Reduce funding by $6.2 million in FY 16 and $6.8 million in FY 17 to reflect increasing the discount rate for brand name drugs from AWP minus 16% to AWP minus 18% and reducing the dispensing fee from $1.70 to $1.40 per prescription.

**Legislative**

Reduce funding by $2,150,000 in FY 16 and $2,250,000 in FY 17 to reflect increasing the discount rate from AWP minus 16% to AWP minus 16.5% and reducing the dispensing fee from $1.70 to $1.40 per prescription. Section 381 of PA 15-5 JSS, a budget implementer, is related to this change.

**Background**

Current statute requires DSS to limit reimbursement to Medicaid providers for coinsurance and deductible payments under Medicare such that the combined Medicare and Medicaid payment to providers does not exceed the maximum allowable under the Medicaid program fee schedules. The statute, however, exempts ambulance providers whose rates are established by the Department of Public Health.

**Governor**

Reduce Medicaid funding by $4.3 million in FY 16 and $5.1 million in FY 17 to reflect lower payments for ambulance services. This proposal caps payments to ambulance providers to ensure that the combined Medicare and Medicaid payment to the provider does not exceed the allowable Medicaid rate. By doing so, these providers will be subject to the same standard that applies to all other Medicaid services.

**Legislative**

Reduce Medicaid funding by $4.3 million in FY 16 and $5.1 million in FY 17 to reflect lower payments for ambulance services. Sections 388 and 389 of PA 15-5 JSS, a budget implementer, revise the rate methodology for such services under Medicaid.

**Background**

The Department of Social Services contracts with Administrative Services Organizations (ASO) to manage the state's Medicaid program; the state is self-insured for all Medicaid claim expenditures. The state pays the ASOs an administrative fee per client. The current contract with the ASOs includes a provision which allows the department to withhold a percentage of each administrative payment contingent upon the ASOs meeting established performance measures. Currently, the ASOs for medical, behavioral health, dental and non-emergency medical transportation services are eligible to receive performance payments of approximately 7.5% of the contract amount.

In addition, the DSS has a performance payment pool under the Connecticut Home Care Program for Elders (CHCPE), created in FY 15, with payments made to contractors who have demonstrated quality outcomes for participants. The FY 15 pool is $300,000.

**Governor**

Reduce funding by $850,000 in FY 16 and FY 17 to reflect reducing the ASOs performance payments to 6% of the contract amount (a 1.5% reduction), and maintaining the CHCPE performance pool at $300,000 (a $200,000 reduction). The CHCPE pool was scheduled to increase to $500,000.

#### Background

Social Security and other income received by residents of long term care facilities are applied towards the cost of care except for a monthly personal needs allowance (PNA). The PNA is used for such things as clothing, personal phone, entertainment outside of the facility, etc. Prior to FY 11, the PNA was increased annually each July 1 by an amount equal to the inflation adjustment in Social Security Income. PA 11-44 eliminated the annual increases. The current PNA is $60 per month.

#### Background

During the 2012 session, the legislature added funding to pay for services provided by independent chiropractors for adults under Medicaid. Because of concerns with the utilization and expenditures that could be incurred as a result of this expansion, expenditures are capped. As a result, the program is entirely state funded.

| **Total - General Fund** | 0 | 0 | 0 | 0 | 1,043,000 | 0 | 1,923,000 |
### Background

In past years, any cost of living adjustments (COLA) received as part of an AABD client's Social Security benefit were considered an increase in income and applied to the client's cost of care. As a result of a legislative change, effective FY 06, AABD clients now retain their Social Security COLA (by increasing the unearned income disregard) without a concurrent reduction in their state benefit.

### Governor

Reduce funding by $1,043,000 in FY 16 and $1,923,000 in FY 17 to reflect reinstituting the previous policy of applying any federal COLA to offset the cost of care.

### Legislative

Maintain funding to allow clients to retain the federal COLA.

### Legislative

Reduce funding by $27,140,000 in FY 16 and $31.9 million in FY 17 to reflect the net appropriation of the HUSKY B Program.

Currently, HUSKY B is gross appropriated, meaning both the state and federal shares of the program are included in the state budget appropriation. State expenditures are matched with a federal reimbursement rate of 65% until October 1, 2015, at which point the rate increases to 88% through September 30, 2019. This reduction reflects removing funding associated with the federal share of the program and appropriating only the state's share of the program, estimated at $6,550,000 in FY 16 and $4,350,000 in FY 17.

### Background

PA 09-5 of the September special session introduced a client cost sharing requirement of 15% of the costs of his or her care under the state-funded Connecticut Home Care Program for Elders (CHCPE). This requirement was reduced to 6% pursuant to PA 10-179, and increased to 7% pursuant to PA 11-6.

### Governor

Reduce funding by $2.8 million in FY 16 and $3 million in FY 17 to reflect an increase in the cost sharing requirement from 7% to 15% of the cost of care.

### Legislative

Reduce funding by $700,000 in FY 16 and $750,000 in FY 17 to reflect an increase in the cost sharing requirement from 7% to 9% of the cost of care. Section 383 of PA 15-5 JSS, a budget implementer, is related to this change.

### Background

The state-funded Connecticut Home Care Program for Elders (CHCPE) provides home and community-based services to elderly who are at risk of nursing home placement and meet the program's financial eligibility criteria. Category 1 is targeted to individuals who are at risk of hospitalization or short-term nursing facility placement if preventive home care services are not provided. Category 2 is targeted to individuals who are frail enough to require nursing facility care, but have resources that would prevent them from qualifying for Medicaid upon admission to a nursing facility.

### Governor

Reduce funding for the CHCPE by $1.8 million in FY 16 and $5.6 million in FY 17 to reflect freezing intake to Category 1 under the state-funded program. This change applies only to new clients and does not impact existing clients.
Legislative
Reduce funding for the CHCPE by $1.7 million in FY 16 and $5.3 million in FY 17 to reflect placing a moratorium on intake to Category 1 under the state-funded program. This moratorium does not apply to individuals participating in the assisted living demonstration project, and will be lifted in FY 18. Section 383 of PA 15-5 JSS, a budget implementer, is related to this change.

#### Background

Currently, 10% of the state's Temporary Assistance for Needy Families (TANF) block grant is transferred to the Social Services Block Grant (SSBG). Allocations under SSGB/TANF include Human Resource Development ($251,779), Human Resource Development - Hispanic Programs ($260,610), and Anti-Hunger Programs ($107,304).

#### Governor

Reduce General Fund appropriations by $464,770 in FY 16 and $619,693 in FY 17 to reflect the transfer of a portion of funding for Domestic Violence Shelters and Nutrition Assistance to SSGB/TANF funding. To make resources available for this transfer, SSGB/TANF support for Human Resource Development, Human Resource Development - Hispanic and Anti-Hunger programs is eliminated.

#### Legislative

Maintain funding for programs under SSBG/TANF.

PA 15-244, An Act Concerning the State Budget for the Biennium Ending June 30, 2017, and Making Appropriations Therefor, and Other Provisions Related to Revenue, Deficiency Appropriations and Tax Fairness and Economic Development

Sections 10, 11, 12, 38 and 41 contain provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency’s FY 16 appropriation levels will be reduced by the amounts shown in the table below to achieve the lapses included in PA 15-244 and PA 15-5 JSS. This includes a General Lapse of $839,494, a Statewide Hiring Reduction of $2,067,383, a General Employee Lapse of $191,528, and Overtime Savings of $347,590. See the FY 16 Holdbacks schedule in Section V of this document for a further description of these statewide savings targets.

Section 156 contains provisions that allow the Secretary of the Office of Policy and Management (OPM) to allocate specific lapses to state agencies in the three branches of government (these are typically called holdbacks). The agency’s FY 16 appropriation levels will be reduced by the amounts shown in the table below to achieve the lapses included in PA 15-244 and PA 15-5 JSS. This includes a Targeted Savings of $2,228,186. See the FY 16 Holdbacks schedule in Section V of this document for a further description of these statewide savings targets.
