INTRODUCTION

This document is designed to be a reference tool for legislators interested in putting the state's revenue and budget picture into historical perspective. Twenty years or more of data on major state taxes and some of the basic expenditure items most often asked for by state legislators is provided. Similar information is included for municipal finances. A section covering a number of important issues and major state and municipal programs or funds of interest to legislators is also provided.

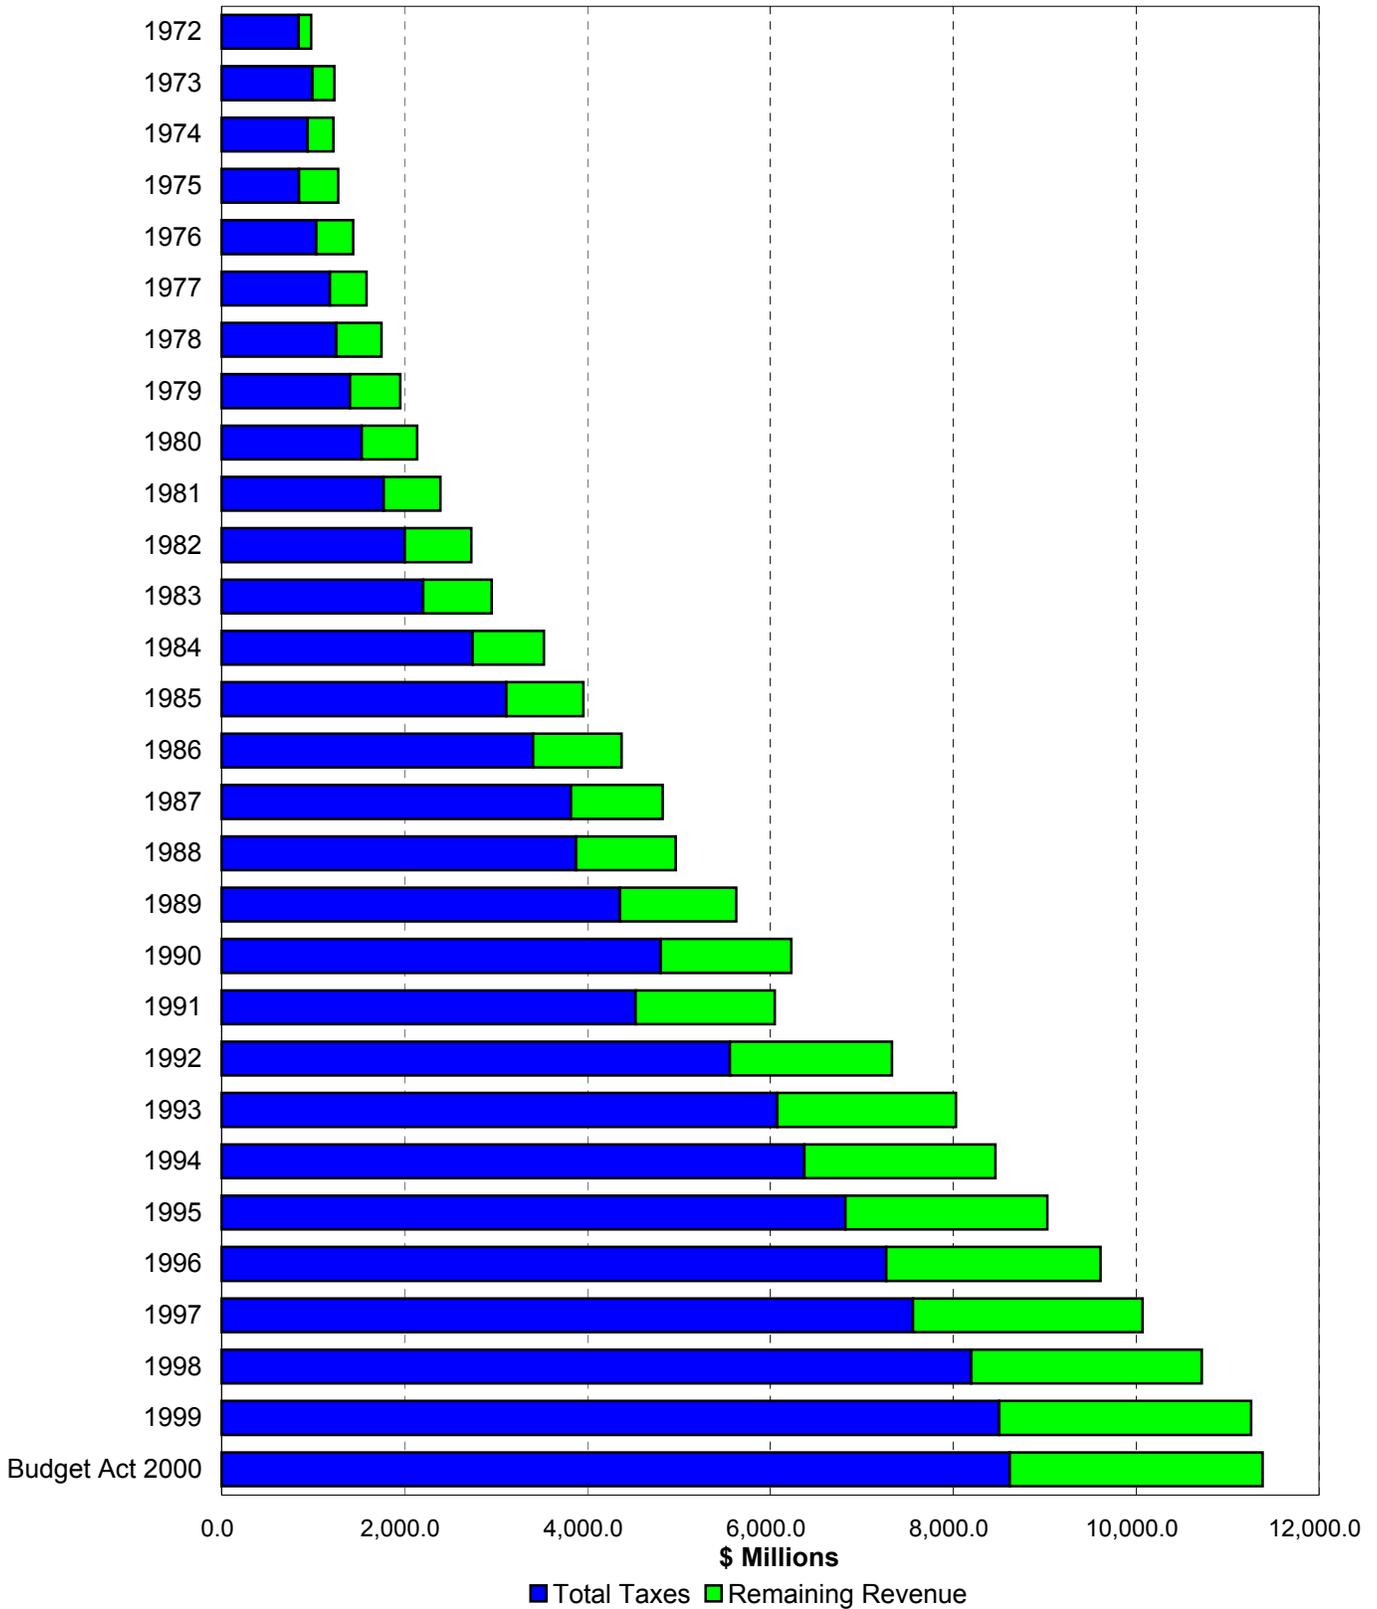

The information presented here is compiled from many authoritative sources, which are noted at the end of each document. In some cases the data is taken directly from the source, while in other cases adjustments are made to provide consistency among data elements. Where these adjustments are made, descriptive footnotes are included. Differences between figures provided in this edition and previous ones are generally due to revised data becoming available.

Any comments or questions concerning the information contained in this document, or suggestions would be welcomed by: **The Revenue Section, Office of Fiscal Analysis, LOB 5200, 300 Capitol Avenue, Hartford, CT 06106.**

Source: Annual Report of the Comptroller, various years.

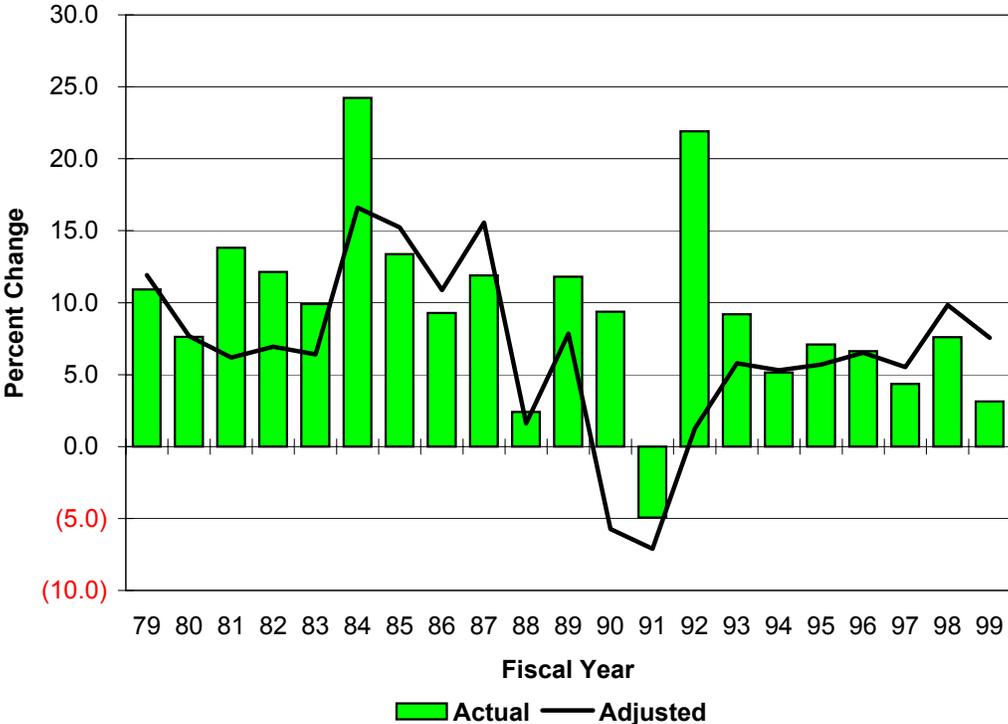

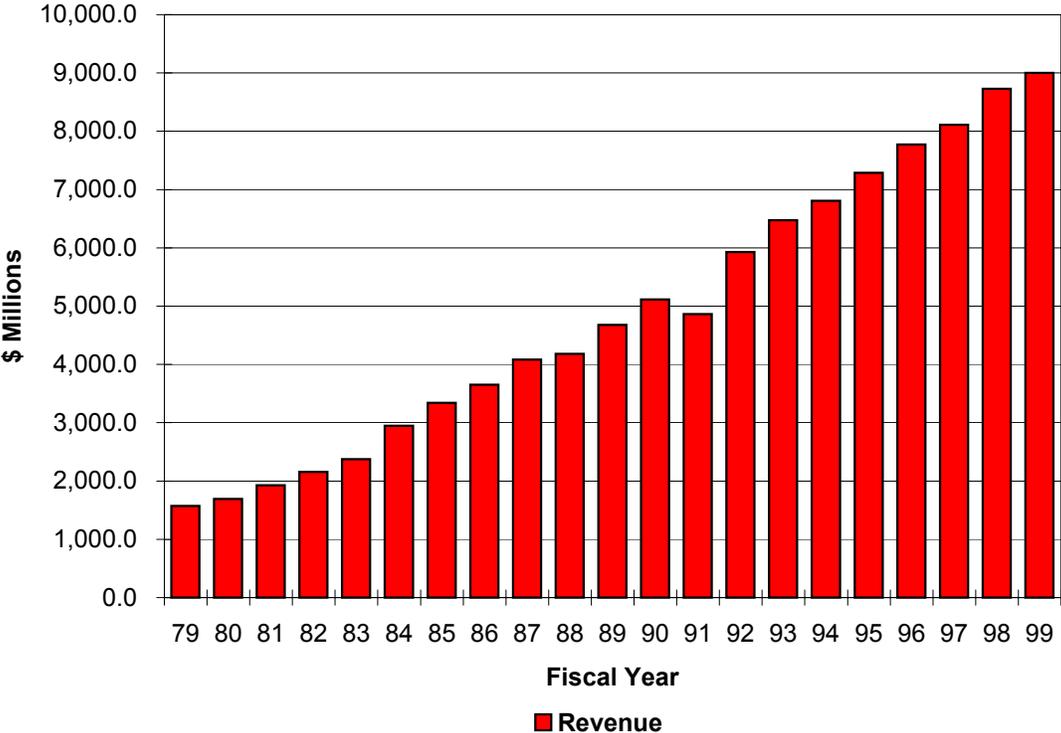

[1] From FY69 to FY 74 Public Service Taxes went into the Public Service Tax Sinking 'Fund rather than the General Fund. To make the data comparable, the tax was added to Total General Fund Revenues for these years.

[2] From FY 75 to FY 84 the Transportation Fund was included in the General Fund. To make the data comparable, Motor Fuels Tax was eliminated from Total Taxes and revenues later transferred to the Transportation Fund were removed from Total General Fund Revenues for these years. Other tables in this book include Motor Fuels Tax in Total Taxes and thus are not comparable with the figures appearing here.

[3] To make the data comparable, Refunds of Taxes which are subtracted from revenues in the Comptroller's Annual Report were added to Total General Fund Revenues for FY 86 and subsequent years.

[4] Beginning in FY 92 through FY 97 Total General Fund Revenues include Economic Recovery Fund payments which transfers to the Economic Recovery Fund to pay off the FY 91 accumulated General Fund deficit which are subtracted from revenues beginning in FY 92 through FY 97 in the Comptroller's Annual Report are added back to Total General

GENERAL FUND REVENUE INCREASES AND DECREASES

The following two sections list General Fund revenue increases and decreases enacted since FY 72. If the full effect of the revenue change does not occur in the first year, an estimate for the portion of the revenue impact occurring in the second year is also given. Revenue changes are based on the fiscal impact at the time the change was enacted.

Only estimated gains or losses above \$100,000 are included here. Items which affect revenue collections for only one year are noted below the dollar estimate.

1995	12.4	-20.2%	PA 94-5 Changes the due date of the tax for the year in which the donor dies to 9 months after death, effective with the 1994 income year. PA 94-4 (May S. S.) Requires that farm land given as a gift to the donor's lineal descendants or spouse be valued in accordance with its farm use and not at fair market value.
1996	17.4	40.7%	PA 95-27 Allows gift tax returns to be filed the day after Patriot's Day (celebrated in Massachusetts where the federal gift tax return is filed). It also limits the time period for recouping the tax differential to 10 years following the transfer of land should the land's use be changed from farm land or transferred to someone who is not a lineal descendant. The owner is liable for the difference between the tax paid and what the tax would have been paid under the fair market value.

HOSPITAL GROSS RECEIPTS TAX

Fiscal Revenue Year (Millions \$)	Base Changes
1994 54.2	<p>PA 94-9 terminates the Uncompensated Care (UCC) pool but maintains the state's 6% sales tax on hospital patient care services and imposes a new 11% tax on each hospital's gross earnings. The act also creates a new payment program for hospitals to cover the cost of bad debts, shortfalls in reimbursement for Medicaid patients, and care for poor patients. The tax on gross receipts takes effect 4/1/94.</p> <p>PA 94-175 clarifies that tangible property transferred incidental to a hospital's "patient care services" is also subject to the state sales tax under PA 94-9. The act also prohibits a court, in an appeal concerning the revenue services commissioner's decision about the 11% hospital gross earnings tax imposed by PA 94-9, from waving the statutory interest of 1-2/3% a month for an unpaid tax.</p>
1995 222.3	<p>PA 95-160 retains the 6% sales tax on hospital patient care services and the 11% gross earnings tax. Under this act, the state is authorized, instead of required, to make payments to hospitals for uncompensated care and can receive federal matching funds for such payments. The act requires each hospital to include all applicable taxes in the price of each item in its pricemaster. It also requires final settlement of all prior Uncompensated Care Pool obligations and liabilities by 6/15/95.</p> <p>PA 95-359 reduces the interest rate on unpaid tax from 1 2/3% to 1 % per month.</p>
1996 214.0	
1997 173.7	<p>PA 96-144 reduces the tax rate from 11% to</p> <p style="margin-left: 40px;">9.25% on 10/1/96</p> <p style="margin-left: 40px;">8.25% on 10/1/97</p> <p style="margin-left: 40px;">7.25% on 10/1/98</p> <p style="margin-left: 40px;">6.25% on 10/1/99</p> <p>PA 96-238 eliminates the net revenue compliance beginning with 10/1/96 and modifies the method for compliance for the previous hospital fiscal year (10/1/95). It also prohibits hospitals from back billing for services provided between November 1, 1994 and through June 1, 1995.</p>

HOSPITAL GROSS RECEIPTS TAX

Fiscal Year	Revenue (Millions \$)	Base Changes
1998	140.9	PA 97-2 exempts the CT Childrens Hospital from the hospital gross receipts tax and from sales tax imposed on hospital patient care services. The Act also eliminates the hospital net revenue compliance payments calculated for hospital fiscal year 1995 and due on or after January 31, 1997 provided that hospitals submit a satisfactory release of all present and future legal claims contesting compliance payments. It also repeals the assessment, collection, or deduction of compliance payments for hospital fiscal years 1996 and afterwards.
1999	128.1	
2000	79.6 Budget Act	PA 99-173 exempts the John Dempsey Hospital at the University of Connecticut from the tax. It also lowered the tax rate from 6.25% effective 10/1/99 to 4.5% effective 10/1/99 and thereafter.

HOSPITAL GROSS EARNINGS TAX

In 1991, Congress passed a law, effective in January, 1992, barring states not already operating state run pools as a means of equalizing the burden of providing hospital care for the poor from doing so in an effort to control federal Medicaid costs. That is, those states with such a pool in place before the effective date of the act were "grand fathered" into the existing Medicaid program. Those states without such a pool system were prohibited from establishing one on or after the effective date of the federal law.

In response to this federal action, the Connecticut General Assembly in December, 1991 enacted a pool system so that our state would be "grand-fathered" into the Medicaid reimbursement program and thus be eligible to collect additional federal dollars.

The 1991 legislation created an "off-budget" pool which collected money through a flat assessment on hospitals. These funds were immediately sent back to Connecticut hospitals, based on a federally-mandated distribution formula which sought to recognize those health institutions which provided greater levels of uncompensated care. At the time, uncompensated care was defined as free care, bad debt and underpayment by government programs such as Medicaid, Medicare and Champus.

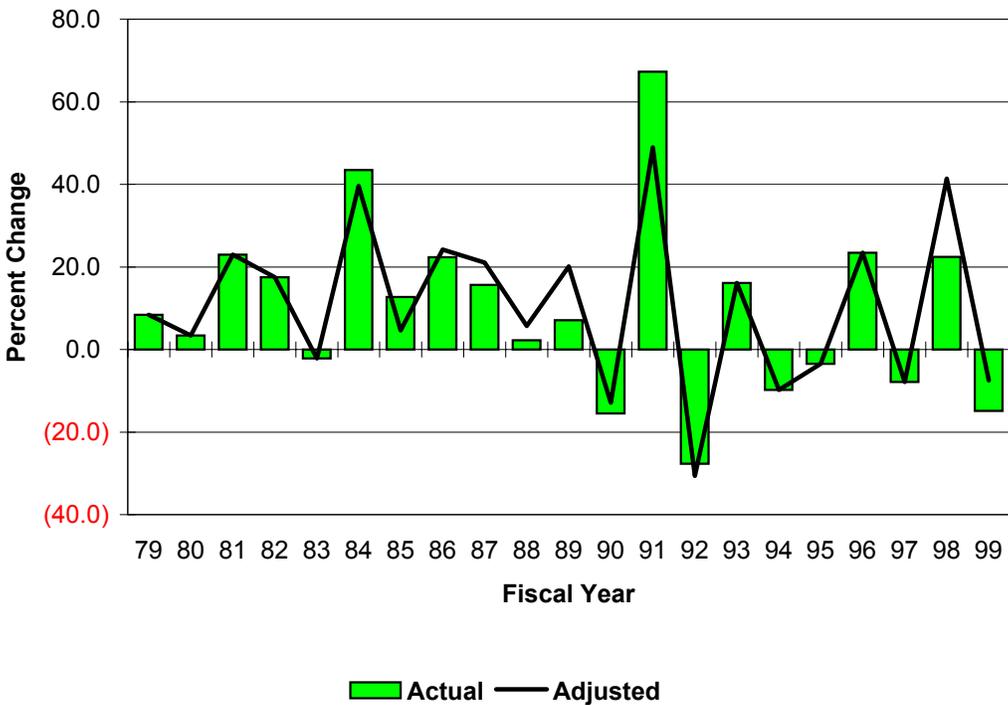

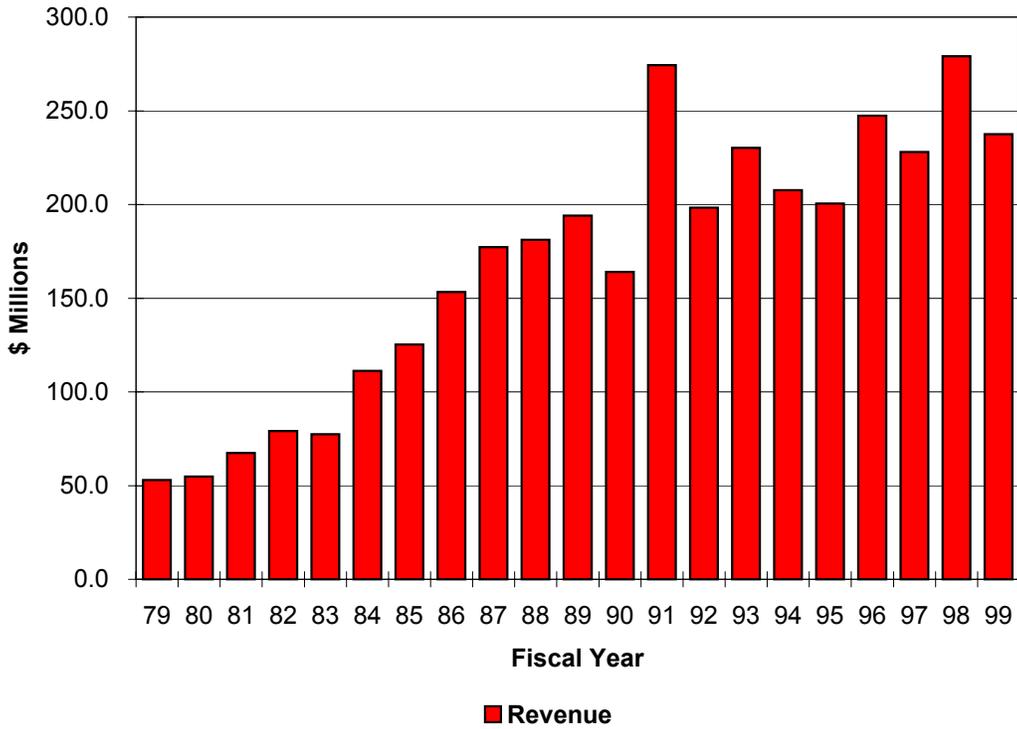

This program operated in that form, by and large, until a federal court decision in 1993 struck down the pool system as violating the federal law with regard to the Employment Retirement Income Security Act (ERISA). In response to the court's order, the Legislature, in March, 1994, terminated the Uncompensated Care Pool, moved the expenditures "on-budget" into the General Fund and eliminated the assessment in favor of a gross earnings tax of 11% and a 6% sales tax (PA 94-9).

However, this legislation was struck down in November, 1994 by another federal district court judge. Nonetheless, the program continued until April, 1995, when the United States Supreme Court ruled that ERISA did not bar the operation of such state run programs. (*Travelers v. Cuomo*).

In the wake of the Supreme Court's ruling, the Legislature enacted Public Act 95-160, which sought to reaffirm the operation of the Uncompensated Care Program. Also, the 1995 legislation retained the program as an "on-budget" item and left the prior revenue system in place.

Subsequently, during the 1996 Regular Session, the gross earnings tax rate was lowered from 11% to 9.25% effective on 10/1/96, to 8.25 on 10/1/97, to 7.25% on 10/1/98 and 4.5% on and after 10/1/99 (PA 96-144 and PA 99-173).

MOTOR FUELS TAX

Fiscal Year	Revenue (Millions \$)	Gasoline Tax (cents per gallon)	Base Changes
1992	370.0	23 (eff. 7/1/91) 25 (eff. 9/1/91) 26 (eff. 1/1/92)	PA 91-3 (JSS) - Diesel fuel is taxed at 18 cents per gallon between 9/1/91 and 6/30/92.
1993	397.8	28 (eff. 1/1/93)	PA 92-177 (MSS) - The 6/30/92 sunset on the 18 cent per gallon rate for diesel fuel is removed.
1994	435.7	29 (eff. 7/1/93) 30 (eff. 1/1/94)	PA 93-93 - Places propane gas in the same category as diesel fuel, therefore reducing the tax to 18 cents per gallon, effective 10/1/93. PA 93-74 - Increases the motor fuels tax by 5 cents per gallon, in 1 cent increments from October 1, 1995 through January 1, 1997. (See table Summary of Enacted Tax and Fee Increases found under the Transportation Fund section of this book).
1995	468.6	31 (eff. 7/1/93) 33 (eff. 1/1/95)	PA 94-170 - Sales from compressed natural gas, liquefied petroleum gas or liquefied natural gas are exempted from the Motor Fuels Excise Tax from 7/1/94 to 6/30/99 when they are sold to fleets converted under the Federal Clean Air Act's clean fuel vehicle requirement. PA 94-4 (MSS) - Railroads are permitted to take their exemption from the Motor Fuels Tax at the pump rather than apply for a refund.
1996	504.7	34 (eff. 10/1/95) 35 (eff. 1/1/96) 36 (eff. 4/1/96)	PA 95-159 reduced the motor fuel tax rate on natural gas sold as motor vehicle fuel from 32 cents per gasoline gallon equivalent (gge) to 18 cents per gge. Effective retroactive from to 9/91.
1997	550.6	37 (eff. 7/1/96) 38 (eff. 10/1/96) 39 (eff. 1/1/97)	PA 96-183 broadens the exemption for alternative fuels by eliminating the restriction that the fuels were exempt only when sold to fleets converted under the Federal Clean Air Act's clean fuel vehicle requirement effective 7/1/96. The exemption sunsets on 7/1/99. (see PA 96-222) PA 96-222 extends the exemption from the motor fuels tax for alternative fuels for two years, until 7/1/2001, and eliminates the limitation on the exemption thus making sales of such fuel for any motor vehicle tax exempt.
1998	530.7	36 (eff. 7/1/97) 33 (eff. 7/1/98)	PA 97-309 reduces the Gasoline Tax from \$0.39 per gallon to \$0.36 effective 7/1/97 and from \$0.36 to \$0.33 effective 7/1/98.

MOTOR FUELS TAX

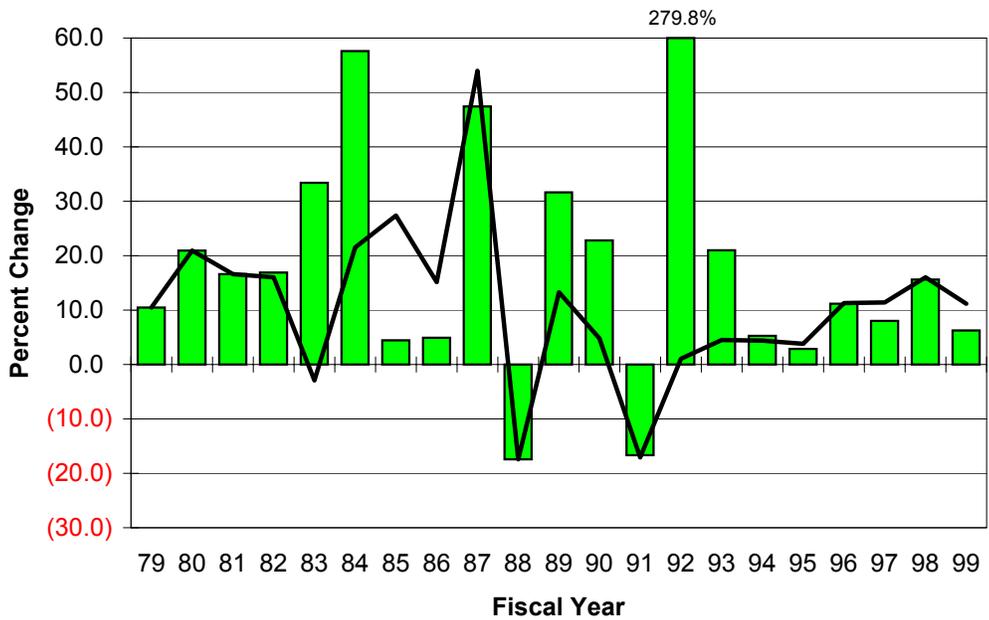

Fiscal Year	Revenue (Millions \$)	Gasoline Tax (cents per gallon)	Base Changes
			PA 97-232 exempts fuel used in vehicles to exclusively deliver meals to senior citizens associated with federally funded programs.
			PA 97-281 exempts diesel fuel that is intended for use in portable power generator systems larger than 150 kilowatts from the 18 cents per gallon fuel tax.
1999	499.9	32 (eff. 7/1/98)	PA 98-128 reduce the Gasoline Tax from \$0.33 per gallon to \$0.32 effective 7/1/98. This is in addition to the 3 cent reduction effective 7/1/98 per PA 97-309.
			PA 98-190 exempts fuel used in school busses used to transport school children to and from school from the tax.
2000	500.0 Budget Act	32	PA 99-232 provided the refund of fuel taxes paid by meal on wheels delivery services.
			PA 99-173 extends the sunset from 7/1/2000 to 7/1/2002 on the exemption of alternative fuels from the motor fuels tax.

Note: Motor fuels taxes are not adjusted for refunds. For your reference, a table listing Motor Fuels Tax increases is presented under the Transportation Fund section of this book.

1997	3,110.9	3.0% and 4.5%	PA 96-206 gives unemployment compensation benefit recipients the option to have federal and state taxes withheld from their weekly benefit checks.

PA 96-253 exempts income derived from foreign residents in connection with a company located within the designated Insurance, and Financial Services Export Zone established under this Act in Hartford.

PA 96-139 specifies that the credit of up to \$100 per year for taxes paid on a primary residence or motor vehicle by a married couple filing jointly may not exceed \$100 of the aggregate property taxes they paid. The act also defines taxpayer filing categories are the same as those under federal income tax for state income tax purposes.

PA 96-221 contained the following provisions:

- (1) establishes the following order when a taxpayer can claim more than one credit against the income tax.
 - (1) the credit based on adjusted gross income
 - (2) credits for income taxes paid to other states
 - (3) credits for income tax imposed by other jurisdiction for people subject to the federal alternative minimum tax
 - (4) any other credit that cannot be carried forward, in the order that maximizes their value to the taxpayer
 - (5) other credits that can be carried forward, in order that maximizes their value to the taxpayerNo credit can be claimed more than once.
- (2) requires income tax liability, as it applies to trusts and estates, be adjusted to reflect any refunds or credit for overpayment of Connecticut income tax to the extent that is included in gross income for federal income tax purposes, and is deductible in determining federal income tax for the proceeding taxable year. Applies to all tax years starting on or after January 1, 1992.

Notes:

- [1] The total revenue increase for the utility resulting from the rate decision.
- [2] The CL&P and HELCO rate increases are surcharges resulting from a court case.
- [3] HELCO merged with CL&P.
- [4] CL&P and UI requested that the DPUC decrease its rates to reflect the decrease in the gross earnings tax authorized under PA 85-159. This act reduced the tax on sales of gas or electricity to residential customers from 5% to 4% (eff. 10/1/85).
- [5] Electric: Fuel adjustment revenues of \$103.8 million are folded into base rates and million from ratepayer fund to be refunded to customers during 7/1/87 - 12/3/87. Gas: Reduction of gas revenues of \$1.8 million.
- [6] (a) No general rate proceeding since 12/84.
(b) In 1986 a fuel adjustment totaling \$66.4 million is reflected as a credit on customer's bills. The credit reflects declining fossil fuel costs since the base period.
- [7] Rate credits to consumers over the period 7/87-12/88: \$23 million; reduced toll rates over the period 7/87-12/88: \$31.5 million.
- [8] Electric: Fuel adjustment revenues of \$42.29 million are folded into base rates and a one-time \$10 million credit is issued to all electric customers. Deferred return on Millstone 3 reduced by \$54.14 million. Gas: A one-time \$10.35 million credit issued to gas firms.
- [9] UI is permitted to phase in the \$640 million investment in Seabrook I over 5 years according to the following schedule:
- | Effective Date | (\$ Million) |
|----------------|--------------|
| Aug. 23, 1989 | 48.2 |
| Jan. 1, 1990 | 275.2 |
| Jan. 1, 1991 | 68.3 |
| Jan. 1, 1990 | 5.1 |
| Jan. 1, 1992 | 174.8 |
| Jan. 1, 1993 | 68.4 |
- [10] Temporary surcharge to be collected only until permanent new rate approved.
- [11] Temporary surcharge of 12.8% to be collected from 3/20/91 to 7/21/91 pending final decisions on new rate structures.
- [12] Part of first year phase-in authorized in late 1993 two year phase-in.
- [13] Part of first year phase-in authorized in mid 1993 three year phase-in.
- [14] Part of second year phase-in authorized in late 1993 two year phase-in.
- [15] Part of second year phase-in authorized in mid 1993 three year phase-in.
- [16] Part of third year phase-in authorized in mid 1993 three year phase-in.
- [17] No future rate changes are anticipated as deregulation takes effect, prices will be determined in the market. Filed pursuant to PA 94-83 and CGS 16-247k.
- [18] Department approved a Rate Plan providing 3-5% in total customer bill credits from 1997-2001.
- [19] Annual reduction associated with removing Millstone Unit 1 from the rate base. Subject to true up for actual capacity and energy costs.
- [20] Adjustment to CL&P's revenue requirements for the period of time Millstone Unit 2 and 3 are out of the rate base are done on a non-cash basis.
- [21] Decision also ordered non-cash adjustments to CL&P's revenue requirements of (\$63.2) million for September 28, 1998, February 5, 1999, and (\$136.1) million for rate year 1999. Millstone Unit 1 credit is ended. Millstone Unit 2 continues out of rate base on a non-cash basis.
- [22] Public Act 98-28, An Act Concerning Electric Restructuring, requires that, effective 1/1/00, electric rates be 10% lower than 7/1/96 levels. Due to interim decreases, CL&P rates were reduced by 6% and UI's by about 6.5%. Revenues were not reduced, but deferred for future collection.

TOURISM DISTRICTS

In the 1992 Session, the Legislature passed PA 92-184 which creates a two-tiered structure consisting of (1) a tourism office in the Department of Economic Development with an 11-member council and (2) 11 regional districts covering the entire state, established as of 7/1/93. It also establishes a special nonlapsing fund to finance tourism promotion and award challenge grants. The fund is supported by a \$1 surcharge on passenger motor vehicles rented or leased for less than 30 days.

The tourism districts are funded by allocating a portion of the 12% Sales Tax paid on hotel and motel room occupancy receipts based on the population of towns in the district. The district keeps 1.5% of the gross receipts in towns under 65,000, 3.5% in towns between 65,000 and 75,000, and 4.5% in towns over 75,000. An exception is made for towns under 65,000 which the state tourism office determines has the most popular tourist attraction in the state. The district in which this town is located can keep 3.5% of the gross receipts in that town. The districts are:

Greater Fairfield: Bridgeport, Darien, Easton, Fairfield, Greenwich, Monroe, New Caanan, Norwalk, Stamford, Stratford, Weston, Westport and Wilton

Greater Waterbury: Beacon Falls, Middlebury, Naugatuck, Oxford, Seymour, Thomaston, Waterbury, Watertown and Wolcott

Greater New Haven: Ansonia, Bethany, Derby, East Haven, Hamden, Milford, New Haven, North Branford, North Haven, Orange, Prospect, Shelton, Trumbull, West Haven and Woodbridge

Connecticut Valley: Branford, Chester, Clinton, Cromwell, Deep River, Durham, East Haddam, East Hampton, Essex, Guilford, Haddam, Killingworth, Madison, Meriden, Middlefield, Middletown, Old Saybrook, Portland, Wallingford and Westbrook

Southeastern Connecticut: Bozrah, Colchester, East Lyme, Franklin, Griswold, Groton, Ledyard, Lisbon, Lyme, Montville, New London, North Stonington, Norwich, Old Lyme, Preston, Salem, Sprague, Stonington, Voluntown and Waterford

Litchfield Hills: Barkhamsted, Bethlehem, Bristol, Caanan, Colebrook, Cornwall, Goshen, Hartland, Harwinton, Kent, Litchfield, Morris, New Hartford, New Milford, Norfolk, North Caanan, Plymouth, Roxbury, Salisbury, Sharon, Southbury, Torrington, Warren, Washington, Winchester and Woodbury

Central Connecticut: Berlin, Cheshire, New Britain, Plainville and Southington

Greater Hartford: Andover, Avon, Bolton, Burlington, Canton, East Hartford, Ellington, Farmington, Glastonbury, Hartford, Hebron, Manchester, Marlborough, Newington, Rocky Hill, Simsbury, South Windsor, Vernon, Tolland, West Hartford and Wethersfield

Northeast Connecticut: Ashford, Brooklyn, Canterbury, Chaplin, Columbia, Coventry, Eastford, Hampton, Killingly, Lebanon, Mansfield, Plainfield, Pomfret, Putnam, Scotland, Sterling, Thompson, Union, Willington, Windham and Woodstock

Housatonic Valley: Bethel, Bridgewater, Brookfield, Danbury, New Fairfield, Newtown, Redding, Ridgefield and Sherman

Tobacco Valley: Bloomfield, East Granby, East Windsor, Enfield, Granby, Somers, Stafford, Suffield, Windsor and Windsor Locks

The act requires the following convention and coliseum authorities to receive a portion of the lodgings tax revenue returned to their respective tourism districts (CGS Section 32-305).

Capital City Economic Development Authority (90% of the amount attributable to room occupancy tax receipts from sales in Hartford);

Greater Hartford Arts Council (10% of the amount attributable to room occupancy tax receipts from sales in Hartford);

New Haven Coliseum Authority (75% of the amount attributable to room occupancy tax receipts from sales in New Haven)

Stamford Center for the Arts (75% of the amount attributable to room occupancy tax receipts from sales in Stamford); and

Maritime Center Authority (75% of the amount attributable to room occupancy tax receipts from sales in Norwalk.)

[1] The percentage increase compares the increased fee rates to the rates in effect during the previous State fiscal year. Included in Motor Vehicle Receipts are motor vehicle registration fees, motor vehicle and motorcycle operator's license fees, certain business license fees, and some DMV administrative fees. PA 87-329 postponed the 12.9% increase originally scheduled for July 1, 1988 and eliminated the 14.3% increase scheduled for July 1, 1992. In addition, PA 91-13 of the June Special Session scheduled for July 1, 1992. In addition, PA 91-13 of the June Special Session and PA 92-177 imposed and increased certain motor vehicle fees. These increase are not reflected in the percentages listed in the table above.

[2] Included in Licenses, Permits and Fees are business license and registration fees (for dealers, repairers, junk yards, etc.), permits (motorcycle learner's permit, etc.), various administrative fees (vehicle inspection fees, title fees, driver's license information, etc.), surcharges on motor vehicle-related fines, and penalties. Not included are fees for which federal law establishes a maximum, such as the motor carrier registration fee.

[3] PA 93-74 increases the motor fuels tax by 5 cents per gallon, in 1 cent increments from 10/1/95 through 1/1/97.

PA 85-413 repealed the surcharge on motor vehicle fines and penalties scheduled to go into effect July 1, 1985 and reduced other surcharges scheduled to become effective July 1, 1989, 1991, and 1993. However, the increases listed above still apply for other Licenses, Permits and Fees.

[4] PA 97-309 reduced the Gasoline Tax from \$0.39 per gallon to \$0.36 effective 7/1/97 & from \$0.36 to \$0.33 effective 7/1/98.

[5] PA 98-128 reduced the Gasoline Tax from \$0.33 per gallon to \$0.32 effective 7/1/98. This is in addition to the 3 cent reduction effective 7/1/98 per PA 97-309.

THE TRANSPORTATION INFRASTRUCTURE PROGRAM

In 1984, the State adopted legislation establishing a transportation infrastructure program and authorizing special tax obligation (STO) bonds to finance the program. The infrastructure program is a continuous program for planning, construction and improvement of state highways and bridges, projects on the interstate highway system, alternate highway projects in the interstate highway substitution program, waterway facilities, mass transportation and transit facilities, aeronautic facilities (excluding Bradley International Airport), the highway safety program, maintenance garages and administrative facilities of the Department of Transportation and payment of the state's share of the costs of the local bridge program established under the act. The infrastructure program is administered by the Department of Transportation.

The cost of the infrastructure program for state fiscal years 1985-2004, which is to be met from federal, state and local funds, is currently estimated at \$14.0 billion. The state's share of such cost, estimated at \$5.5 billion, is to be funded from transportation related taxes, fees and revenue deposited in the Special Transportation Fund, as described below, and from the proceeds of STO bonds. The portion of state program costs not financed by STO bonds is estimated at \$0.5 billion and includes the expenses of the infrastructure program which either are not sufficiently large or do not have a long enough life expectancy to justify the issuance of long-term bonds. Such expenses include resurfacing and restoring state highways, improving certain highways in urban areas, providing safety improvements along the state roads, and completing certain other transportation improvements.

The state has established a Transportation Fund for the purpose of budgeting and accounting for all transportation related taxes, fees and revenues credited to such fund and securing the STO bonds. STO bonds are payable solely from revenues of the Special Transportation Fund. The aggregate of motor fuels taxes, motor vehicle receipts, motor vehicle related licenses, permits and fees, and portions of the oil companies tax and sales tax on motor vehicles and other transportation related revenues sources, including enacted adjustments to all foregoing sources, are intended to cover the cost of the state's share of the infrastructure program, including debt services requirements. After providing for debt service requirements, the balance of the receipts from such revenue sources may be applied to the payment of general obligation bonds of the state issued or previously authorized and to be issued for transportation purposes and for the payment of annually budgeted expenses of the department of Transportation, the Department of Motor Vehicles and certain expenses related to the highway patrol function of the Department of Public Safety for FY 94 through FY 98.

**** PA 93-243, An Act Modifying Eligibility For Unemployment Compensation, authorized the issuance of tax-exempt bonds for the purpose of paying the State's debt owed to the Federal Unemployment Compensation Fund as of September 1, 1993, and to provide advances to pay unemployment benefits until revenue from employer taxes is sufficient to support benefit payouts. During 1993 the State issued \$1.02 billion in Connecticut Unemployment Revenue Bonds of which \$780.3 million of the proceeds was used to repay a portion of the outstanding federal advances.**

1. The Division of Special Revenue audits "non" state-owned facilities only (i.e., Plainfield dog track and Jai-Alai Frontons).
2. The State's auditors audit OTB and the Division itself each 2 years (Including lotteries). However certain segments of OTB are audited on an ongoing basis to facilitate the more detailed audit every two years.
3. Lottery revenue figures are net of operating expense. Prior to FY 96, revenues were reported before operating were accounted.

PA 95-160:
 (a) Allows the state to participate in multi-state lottery games (Powerball)
 (b) Required the Office of Policy and Management and the Division of Special Revenue to prepare a plan for partial or total privatization of the state lottery.

PA 95-59:
 (a) Allows organizations conducting a bazaar to hold the event in a municipality other than the one that granted it.
 (b) Clarifies duck-race raffles and requires the division to adopt regulations that establish duck racing procedures. Duck racing raffles are defined as one in which artificial ducks (usually the yellow species) are numbered consecutively to correspond to the tickets sold. The ducks are placed in a naturally moving stream of water at the designated starting point. The winning ticket is the one corresponding to the first duck to pass the designated finish line.
 (c) Allows organizations to apply for a bazaar or raffle permit after six months existence instead of one year.

PA 95-61 exempts crane game machines or devices and redemption machines from the prohibition of gambling devices.

1997 258.7 (4.3)

PA 96-102 allows bazaar and raffle permittees to rent equipment from a dealer who does not have a principal business place in Connecticut provided the dealer is registered with the Department of Special Revenue and an in-state dealer is unavailable. Under prior law permittees could rent bazaar and raffle equipment from only a dealer registered with the Department of Special Revenue and with a principal business place in state. The annual registration fee continues to be \$300.

PA 96-151:
 (a) Eliminates certain restrictions on the operating hours and days of jai alai, racing, and off-track betting (OTB) facilities. Allows operation 7 days a week.
 (b) Allows jai alai and dog track licensees to keep unclaimed prize money instead of paying it to the Department of Special Revenue for deposit into the General Fund.
 (c) Requires dog track licensees to submit annual, instead of quarterly, financial statements showing allocation of money for purses, capital improvements and promotional marketing.

PA 96-212 transferred Lottery operations to the newly created Connecticut Lottery Corporation (CLC) on July 1, 1996. The CLC is a quasi-public corporation established to operate the State's Lottery subject to Division of Special Revenue Regulations. All revenue generated from the Lottery sales net of prizes and expenses will be transferred to the State's General Fund.

PA 96-236 prohibits anyone from assigning lottery winnings except to (1) the estate of the deceased winner, (2) anyone entitled to such winnings as specified by judicial order, or (3) for satisfaction of a delinquent child support obligation.

1998 267.3 3.3

PA 97-277:

- (a) increases, from four to eight, the number of the 18 currently authorized OTB branch facilities that may simulcast OTB or jai alai games.
- (b) prohibits locating simulcasting facilities in any zone of protection negotiated between the OTB system operator and any parimutuel betting facility.
- (c) allows simulcasting facilities to be located within 35 miles of the Windsor Locks teletheater by removing the zone of protection around that facility.
- (d) increases from 1% to 1.6% of wagers, the amount the DSR must pay towns with an OTB facility and requires DSR to pay New Haven and Windsor Locks an additional .5% of the wagers from any facility equipped for simulcasting after October 1, 1997 and located within 15 miles of the teletheaters in these towns.
- (e) sets the OTB takeout rate on multiple forms of wagering on three or more animals at 23% of the amount in the betting pool and eliminates the Gaming Policy Board's mandate to set it between 17% and 25%.
- (f) gives the operators of the state's dog racing and jai alai facilities the option of separate takeout rates for win, place, or show pools (maximum 18%) and other other pools (maximum 23%) or the existing rate of 20% for all pools on any given day.
- (g) requires employees of the Connecticut Lottery Corporation to be licensed by the DSR.

PA97-233 requires DSR to assign to the Connecticut Lottery Corporation all annuities the state purchased to pay lottery prizes before the state lottery was transferred to the CLC (7/1/96). It makes the CLC solely responsible for paying all lottery prizes, not just those awarded since it took over the lottery.

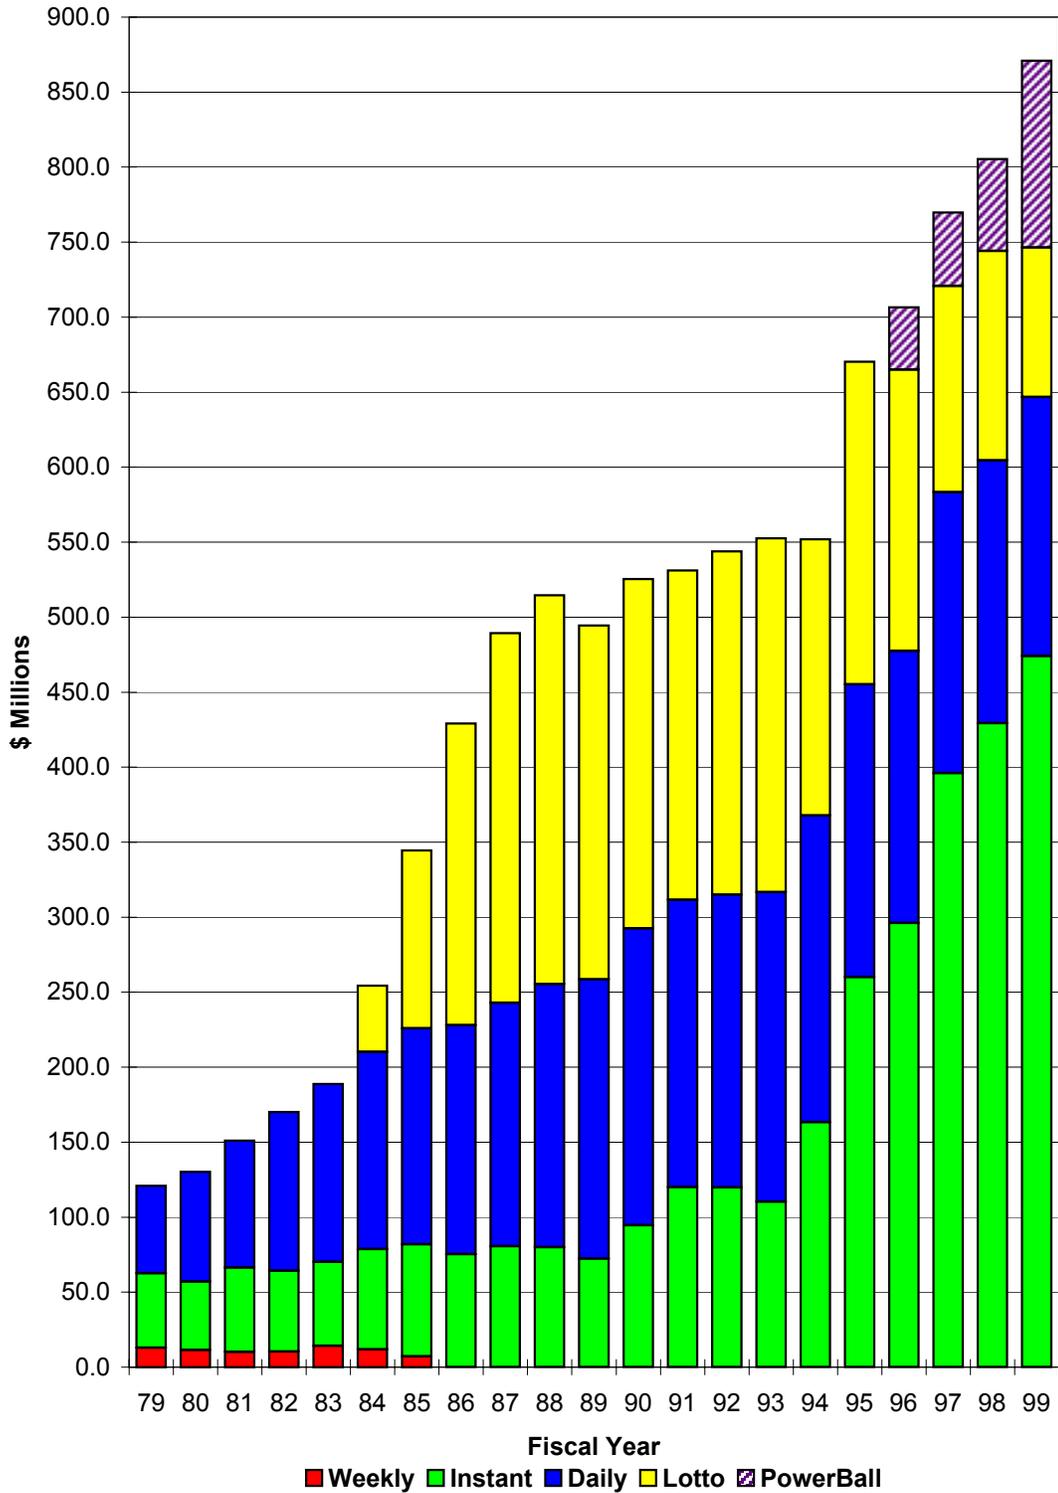

1999 280.5 4.9

PA 98-137 and PA 98-219 establish a procedure for the voluntary assignment of all, or some, of any lottery winnings paid in installments.

[1] Municipal share of revenue from OTB is 1.0% (effective 1/1/87).

[2] The tax rates for the Pari-mutuel facilities are as follows:

Jai Alai - 1% of daily handle

Greyhound - 1/2% of daily handle

[3] Municipal share of revenue from OTB increased to .4% from .25%, effective June, 1983.

[4] The Off-Track Betting Parlors in New Haven and Meriden were closed on March 31, 1983 and November 30, 1984, respectively.

[5] Effective January, 1987 the Municipal share increases to 1% from .4%.

[6] Includes simulcast figures from Plainfield Dog Track.

[7] As of 1993 dog track figures include the payment of .2% made to the Northeast Economic Alliance.

Note: The municipal share is paid from the amount retained by the state but is levied on total wagers. The transfer of funds to municipalities occurs monthly.

FUNDING THE FY 90-91 DEFICIT

Public Act 91-3 of the June Special Session established the Economic Recovery Note Debt Retirement Fund for the purpose of financing the cumulative FY 1990-91 General Fund deficit. The sum of \$965.71 million was to be financed over 5 years through the issuance of General Obligation notes.

In the Fall of 1991, the Treasurer issued \$640.71 million in fixed rate notes and \$325 million in variable rate notes with the following maturity schedule:

	Fixed Rate (\$ million)	Variable Rate (\$ million)	Total Principal Payment (\$ million)
FY 92	\$50.0	\$0	\$50.0
FY 93	125.0	75.0	200.0
FY 94	150.0	100.0	250.0
FY 95	150.0	0	150.0
FY 96	<u>165.7</u>	<u>150.0</u>	<u>315.7</u>
Total	\$640.7	\$325.0	\$965.7

Section 127(f) of PA 91-3 JSS required that any General Fund surplus up to \$205 million be used to accelerate retirement of the Economic Recovery Fund Notes. Because the General Fund ended FY 92 with an unappropriated surplus of \$110.1 million, \$10.1 million of the \$75 million variable rate notes due to mature 6/1/93 were retired and \$100 million fixed rate notes were retired. Of the \$100 million fixed rate notes, \$50 million was due to mature 12/1/93 and \$50 million in 6/1/94. This left \$89.9 million to be refinanced in stead of the \$100 million authorized in the FY 93 Appropriations Act. (SA 92-13, the Appropriations Act, authorized the State Treasurer to refinance \$100 million of Economic Recovery notes due in FY 93.) The Treasurer refinanced the \$25 million fixed rate notes due 6/15/93, with \$25 million variable rate notes due 12/1/94. In addition, \$64.9 million variable rate notes due 6/1/93 were refinanced with \$64.9 million due 6/1/95.

PA 93-80, the 1993-95 Budget Act, altered the provision for any FY 93 General Fund unappropriated surplus, directing instead that any surplus be dedicated to payment of debt service in FY 94. Section 43(a) of PA 94-1 MSS appropriated the estimated FY 94 General Fund surplus of \$149.6 million for payment of the Economic Recovery Fund Notes due in FY 95. The remaining monies to pay the \$263.5 million in Economic Recovery Fund Notes due in FY 95 came from: (1) a revenue intercept of \$106.6 million, and (2) use of \$7.3 million in old bond fund balances.

Sections 36 and 37 of PA 95-160 authorized the reissuance of a portion of the \$315.71 million of Economic Recovery notes due in FY 96. The notes were issued with \$79 million maturing in FY 97 and FY 98 and an additional \$78.1 million maturing in FY 99.

Section 59 of SA 97-21 earmarks \$166.7 million of the FY 97 budget surplus for payment of principal and interest on the Economic Recovery Notes in FY 98 and FY 99.

The following revised schedule shows principal payments and interest costs, including the use of surplus and refinancing authorized by SA 92-13 and PA 95-160:

	Principal (\$ million)	Interest (\$ million)	Total Debt Service (\$ million)
FY 92	\$50.0	\$36.1	\$86.1

Notes:

- [1] Total budget equals Gross General Fund Appropriations plus General Fund Deficiency Appropriations.
- [2] This reflects the budgeted lapse of \$30 million plus \$19.6 million designated "not to be expended".
- [3] Includes the \$50 million in pension funds that were directed to lapse via legislative act.
- [4] Includes an estimated lapse of \$68.3 million plus \$50.3 million in other mandated savings.
- [5] Includes an estimated lapse of \$77.7 million plus \$381.1 million in other mandated savings.
- [6] Includes an estimated lapse of \$73.4 million plus \$150 million in "collective bargaining savings".
- [7] Includes an estimated lapse of \$70 million plus \$12 million in mandated Other Expenses savings.
- [8] Includes \$103.5 million lapse from surplus appropriated to the Debt Service Account.
- [9] Includes \$19.7 million lapse from surplus appropriated to Debt Service Account.
- [10] Includes an estimated lapse of \$72.2 million plus \$12 million in mandated Other Expenses savings, plus \$19 million in savings from a statewide hiring freeze.
- [11] Includes an estimated lapse of \$86.7 million plus \$12 million in mandated Personal Services savings and \$12 million in mandated Other Expenses savings.
- [12] Includes an estimated lapse of \$64.3 million plus \$104.7 million in Early Retirement Incentive Program (ERIP) savings, \$11 million in mandated Personal Services savings and \$12 million in mandated Other Expenses savings.
- [13] Primarily reflects \$58 million in lower savings from the Early Retirement Incentive Program (ERIP). The original budgeted savings for ERIP was \$104.7 million, whereas \$46.6 million was realized.
- [14] Includes an estimated lapse of \$74.5 million, plus \$11 million in mandated Personal Services savings and \$12 million in mandated Other Expenses savings, plus \$50 million in estimated savings from state Information Technology (IT) privatization.
- [15] Primarily reflects an additional net lapse of \$91.4 million in the Department of Social Services (DSS), partially offset by the loss of \$50 million in savings due to the unsuccessful effort to privatize state Information Technology (IT) operations and an unrealized savings of \$13.8 million in Personal Services (PS) and Other Expenses (OE) Reduction for which \$23 million had been anticipated in the budget. The DSS lapse resulted primarily from declining Medicaid expenditures and welfare expenditures.

The State Employees' Retirement Fund (SERF) is administered by the State Employees' Retirement Commission. Payments into the SERF are made through General and Transportation Fund Appropriations, Federal contributions or by contributions by individual employees. Income is also generated as a result of activity in the Fund's assets. The table above shows these amounts as well as the payments made to the beneficiaries of the fund. The data also indicate the return on investment as calculated by the State's Treasurer.

The Teachers' Retirement Fund (TERF) is administered by the Teachers' Retirement Board. The Fund pays benefits to teachers and administrators of Connecticut's public school system. Although municipalities set salary levels for teachers and administrators, they are not required to make contributions to the fund on behalf of their employees. Payments into TERF are made through General Fund appropriations and as a result of employee contributions. Income is also generated as a result of activity in the Fund's assets. The table above shows these amounts as well as the payments made to the beneficiaries of the fund. The data also indicate the return on investment as calculated by the State's Treasurer.

**STATE PENSION SYSTEMS
RATE OF RETURN ON INVESTMENTS ASSUMPTIONS**

In determining the actuarial accrued liability for the State Employees Retirement System (SERS) and the Teacher's Retirement System (TERS), the actuaries determine the excess of pension fund liabilities over assets. This value is calculated using various assumptions, including an annual assumption for the rate of return on pension fund investments. The annual pension fund contribution the State is required to make is inversely related to the rate of return assumption.

STATE EMPLOYEES RETIREMENT SYSTEM (SERS)

The SERS rates of return assumptions are as follows:

<u>Fiscal Year</u>	<u>Rate of Return Assumption</u>	<u>Determined By</u>
1980	6.5%	Actuary
1981	6.5%	Actuary
1982	6.5%	Actuary

(1) During the 1990 Legislative Session, the rate of return assumption was increased from 8.5% to 9.5%, effective January 1, 1990. This change was implemented by a Memorandum of Understanding amending the 1989 Pension Arbitration Award between the State of Connecticut and the State Employees Bargaining Agent Coalition (SEBAC). This agreement also provided a formula for calculating the rate of return assumption from FY 1990-91 through FY 1993-94.

TEACHERS' RETIREMENT SYSTEM (TERS)

The TERS rates of return assumptions are as follows:

<u>Fiscal Year</u>	<u>Rate of Return Assumption</u>	<u>Determined By</u>
1980	8.0%	Actuary
1981	8.0%	Actuary
1982	8.0%	Actuary

1996	8.5%	Actuary
1997	8.5%	Actuary
1998	8.5%	Actuary
1999	8.5%	Actuary

(1) In the absence of legislative action, the actuary for the Teachers' Retirement Board sets the assumptions for the rate of return on pension fund investments. During the 1990 Session, the Legislature increased the rate of return from 8.5% to 9.5% for FY 1990-91 and during the 1991 Session, the rate of return was increased from 8.5% to 9.5% for FY 1991-92. In both cases the change was accomplished through the Appropriation Act.

1977	170.4	10.1	160.4	NA	10.0	PA 76-387: 1) Raised the limit on the amount of increased aid a town received under GTB to 7.3% from 5% of the ADM grant received by town (see "a" of PA 77-579 below).
1978	176.1	19.9	156.2	NA	9.9	PA 77-540: 1) The \$19.939 million was comprised of \$9.939 million appropriated from the General Fund and \$10.0 million earmarked from proceeds of the Instant Lottery. The Educational Equalization program in subsequent years was funded only by General Fund appropriations, not Lottery proceeds. PA 77-579: 1) Eliminated the 7.3% cap on the amount of GTB funds a town may receive. 2) Altered the method of computing a town's total population for calculating its wealth for GTB ranking. 3) Changed GTB distribution formula.

[2] The state Superior Court found the method of school financing unconstitutional in 1974 (Horton vs. Meskill) because state had delegated responsibility for financing public schools to individual towns creating disparities among town: terms of revenues raised to support education. The ruling was upheld by the state Supreme Court in 19

[3] PA 79-128 was passed in response to the 1977 Supreme Court ruling in the Horton vs. Meskill suit. The court establish that there was a relationship between funding and equity for purposes of the state's school finance system and that state was in violation of the equal protection and free public education provisions of the State Constituti

[4] Under prior law the difference between the minimum grant, \$250 per pupil for towns or \$275 per pupil for regio districts and what a town received under the GTB formula (if less than the minimum) was known as "hold-harmless" aid. Tow that receive less than the minimum grant under GTB were entitled to the entire minimum grant amou

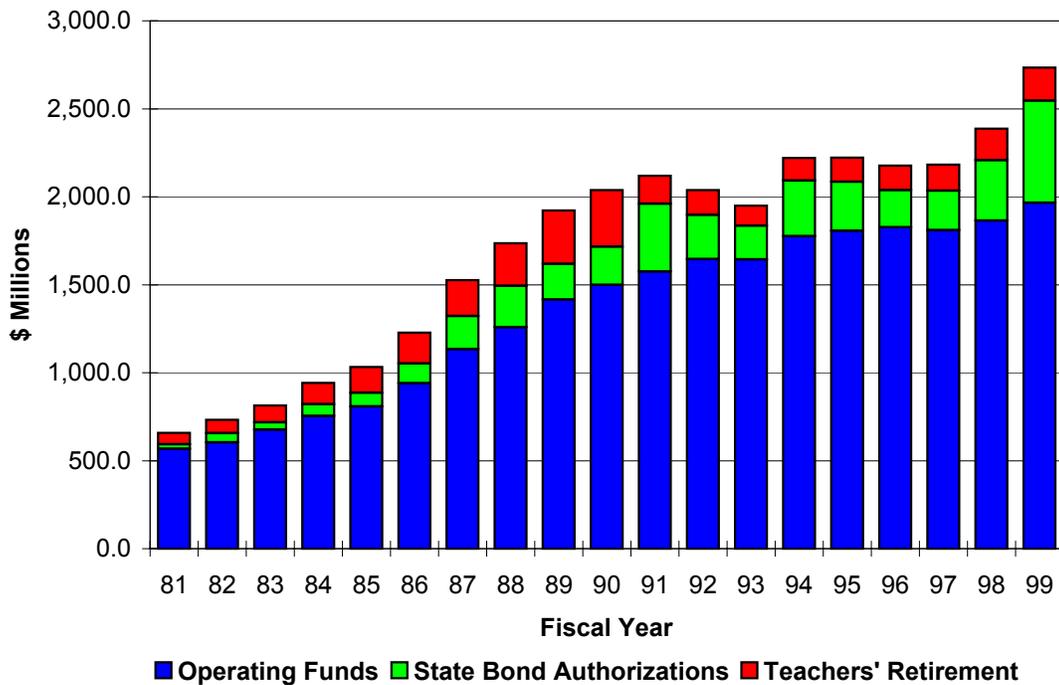

PA 81-413, in effect created two minimum grants: one for calculating full funding (\$250 or \$275) and one for purposes determining the actual appropriation. This latter minimum is based upon a percentage equal to the ratio

Formula: $\frac{\text{Total GTB Appropriation} \times \$250 \text{ or } \$275}{\text{Total GTB Full Funding}}$

Example: $\frac{\text{Minimum Grant} = \$360 \text{ million} \times \$250 \text{ or } \$275}{\$420 \text{ million}} = .7286 \times$

Formerly, towns which received less than the \$250 per pupil (or \$275 for regional school districts) under the GTB form were granted the full \$250/\$275. Under PA 81-413 all towns receive at least the appropriated minimum and for towns wh grants fall between the appropriated minimum and \$250/\$275, receive the appropriated minimu

DESCRIPTION OF PROPERTY TAX RELIEF PROGRAMS FOR THE ELDERLY AND DISABLED

The state provides two programs of local property tax relief for the elderly: the tax freeze program and the circuit breaker program for homeowners and renters.

The circuit breaker program which is also available to disabled of any age provides a property tax credit to homeowners and a grant to renters. The state reimburses towns for the tax credit given to homeowners.

The tax freeze program caps a participant's tax benefit to the amount received for the 1985 assessment year for individuals that received \$2,000 or more in the assessment year commencing 10/1/85. If the tax benefit for the assessment year beginning 10/1/85 was less than \$2,000 it will never exceed the \$2,000 amount in any subsequent year. PA 98-262 excludes postal pension income from tax freeze program eligibility determinations.

Tax Freeze Program

Description:

- a. This program is mandated by the State.
- b. It provides a qualified homeowner a freeze on both the assessed value (minus \$1,000) and on the mill rate.
- c. The municipal tax exemption is reimbursed by the state.

Eligibility:

- a. Homeowner must be 65 years of age or over, or the spouse who is living with him/her must be 65 or over.
- b. A surviving spouse over 50 is eligible.
- c. The applicant must occupy the real property as his/her principal place of residence and must have resided in the state for one year before filing a claim. Qualifying income limit is \$29,300 adjusted gross income plus tax exempt interest (but excluding Social Security or Railroad Retirement Income). PA 98-262 excludes postal pension income from tax freeze program eligibility determinations.

Application:

- a. Closed. This grant is available only to elderly persons who applied prior to May 15, 1980.
- b. Reapplication is required every two years.

Circuit Breaker Program

1. Homeowners:

Description: Homeowners receive a tax credit against their real property tax. The amount of the credit varies inversely with income.

Eligibility:

- a. A homeowner must be 65 years of age or over, or the spouse who is living with him/her must be 65 or over, or be under 65 but eligible for permanent total disability benefits under Social Security requirements or a comparable program. PA 98-244 allows legally separated homeowners and renters to file as single people for the circuit breaker benefits.
- b. A surviving spouse over 50 is eligible.
- c. The applicant must occupy the real property as his/her principal place of residence and must have resided in the state for one year before filing a claim. Have qualifying income for the previous year of not more than \$23,900 for unmarried individuals or if married joint income of not more than \$29,300 for homeowners filing between February 1, and May 15, 2000. (Qualifying income is defined as federal adjusted gross income plus social security income and other income not included in federal adjusted gross income. Qualifying income will be adjusted by October 1 of each year to reflect the

Social Security inflation adjustment.) PA 98-262 excludes postal pension income from tax freeze program eligibility determinations.

Application:

The deadline is May 15 and reapplication is required every two years.

Property tax credit amount is equal to a specified percentage of property tax up to the maximum amount shown on the table below.

2. Renters:

Description: Renters are entitled to a state grant based on the percent considered to be paid toward property taxes. PA 98-244 allows legally separated homeowners and renters to file as single people for the circuit breaker benefits.

Eligibility:

Same as for homeowner.

Application:

Renters must apply between May 15 and September 15. Grant amount is equal to 35% of the total of all charges for rent, electricity, gas, water and fuel used during the preceding calendar year less 5% of qualifying income, up to the maximum amount shown in the table below for renters.

3. Resident of a Continuing Care Community:

Description: The program is open to residents of continuing care communities only if a residents contract: (1) does not confer any ownership interest in the complex or dwelling unit or (2) is not a lease. Residents are entitled to a state grant equal to the product of the portion of the assessed value of the entire complex that is attributable to the dwelling unit and the town's mill rate.

Eligibility:

Same as for homeowners.

Application:

Residents must apply to municipal assessors between February 1, and May 15.

Grant amount is equal to a specified percentage of property tax (see Residents chart).

The schedules on the following page indicate the amount of benefit individuals at the various qualifying income levels may be eligible for under these programs for FY 1999-2000. The tables are based on a sliding scale, in which benefits decrease as income increases.

Elderly Renter and Homeowner Rebate for 1998

Special Act 98-6 (the Appropriations Act) included \$8 million to provide a supplemental \$100 rebate to the low-income elderly renters and homeowners participating in the three elderly tax relief programs administered by the Office of Policy and Management (OPM).

Eligibility:

Renters who received rebates under OPM's Tax Relief for Elderly Renters program, beginning October 1997 based on income year 1996.

Homeowners who received credits on their July 1, 1997 property tax bills under OPM's Circuit Breaker and Freeze Programs.

Under the Renter and Circuit Breaker Programs, a claimant's qualifying income must not exceed \$23,100 if single, or \$28,300 if married (income year 1996). The Freeze Program is a closed program whose participants had to have been granted a frozen tax benefit on or before the Grand List of 1979. In order to continue to receive a frozen tax benefit, claimants (whether single or married) cannot have received more than \$6,000 in qualifying income.

Payment Date:

All payments are to be made no later than September 30, 1998.

LOCAL OPTION PROPERTY TAX RELIEF FOR THE ELDERLY

The local option property tax relief for the elderly program was established in 1973 by PA 73-628. The program allows municipalities upon vote of its legislative body on recommendation of its board of finance or equivalent body to provide property tax relief for elderly homeowners.

Prior to approval by the legislative body, the executive authority of the town must appoint a committee of not less than five resident taxpayers to study and report within 60 days the fiscal effect of the relief on the property tax revenue of the town and recommendations on the form and extent of such relief. After initial approval of the relief by the legislative body, any changes may be made by vote of the legislative body without appointment of a study committee. The total abatement of property tax revenue cannot exceed 10 per cent of the total real property tax assessed in the preceding tax year.

The property tax relief for a principal residence may be provided to any resident who:

- (1) is 65 years of age or over, or has a spouse, age 65 or over living in the household, or is a surviving spouse, age 60 or over;
- (2) has been a taxpayer in the town for one year immediately preceding receipt of tax benefits; and
- (3) meets any income criteria which the town may have adopted.

Prior to October 1, 1987, the total amount of tax relief was limited to 75% of the total due. Commencing with the October 1, 1987 assessment year, PA 87-116 expanded the allowable tax relief to 100% provided that when total tax relief exceeds 75% of the tax due, the town must file a lien against the property and charge interest, at a rate determined by the town.

It should be noted that the local option elderly homeowner tax relief benefits program was extended by PA 87-91 of permanently and totally disabled persons, regardless of age commencing with the October 1, 1987 assessment year.

PROPERTY TAXATION OF FARM, FOREST AND OPEN SPACE LAND

Enacted in 1963, PA 490 (C.G.S. 12-107a-107c) represents the state's policy of preserving farm, forest, and open space land by preferential taxation by allowing such land to be assessed for tax purposes according to its current use as opposed to its market value. In an attempt to prevent abuse and to help recover abated taxes, a declining conveyance tax was placed on sales occurring during the first ten years.

The classification of land as farm land and forest land is made by the town assessor and the state forester respectively following the submission of a written request from the property owners. The municipal planning commission, in preparing a development plan, may designate areas as open space. The legislative body of the municipality must approve the designation by a majority vote.

For purposes of classification farm land means any tract of land, including woodland and wasteland, constituting a farm unit. Forest land is any tract of land of at least 25 acres or more in an area bearing tree growth. Open Space land means any area of land including forest lands and designated wetlands, the preservation of which would:

1. Maintain and enhance the conservation of natural or scenic resources
2. Protect natural streams or water supply
3. Promote conservation of soils, wetlands, beaches or tidal marshes
4. Enhance the value to the public of abutting or neighboring parks, forests, etc.
5. Enhance public recreation opportunities
6. Preserve historic sites or
7. Promote orderly urban or suburban development

Conveyance taxes are levied on the sale of land which has been classified by the owner as farm, forest or open space as follows:

MOBILE MANUFACTURED HOMES LEGISLATION AFFECTING TAXATION

PA 85-512

From October 1, 1985 to June 30, 1986:

1. The sale of 'New' mobile manufactured homes (MMH) 12 feet wide or wider is subject to the sales tax. For purposes of the sales tax, a mobile manufactured home means a home at least twelve feet wide, which cannot proceed under its own power, which is towed or placed on flatbed trucks to be taken to its destination and which requires a limited duration over-size load permit in order to be transported on the highways.
2. The "Resale" of MMH located in licensed mobile home parks or on a single family lot is subject to the real estate conveyance tax.

PA 86-310

The provisions of PA 85-512 regarding the imposition of sales tax on new MMH and the imposition of the real estate conveyance tax on the sale of used MMH is made permanent with the following modification: The sales tax on a new MMH applies to 70% of the selling price of a new MMH sold by the manufacturer.

PA 310 also made a number of other tax related changes as follows:

1. A uniform procedure for towns to assess and tax mobile homes is established. 'Beginning with the 10/1/86 grand list MMH occupied as residences and connected to utilities must be assessed as residential real property (i.e., assessed at 70% of true market value). Under certain conditions (see phase-in below) the assessed value may be phased-in over a 5 year period. Prior to this act, there was no uniform statewide procedure for assessing mobile homes and assessors could tax mobile homes as either real or personal property.

Phase-in: The act phases in any increase in the assessed value of mobile homes when, (1) mobile homes are assessed as real property for the first time on or after 10/1/86 and (2) where the assessment results in a tax increase of over 25%. The phase-in occurs over a 5 year period, with 20% of the increased assessment being phased-in on the 10/1/86 grand list and 20% in each of the next four assessment years.

2. The act eliminated the authority of a town to charge a mobile home owner a monthly fee in lieu of property tax.
3. The act renames a 'Mobile Home' a 'Mobile Manufactured Home' and changes the definition with regard to property taxation. A Mobile Manufactured Home is defined as: (1) a detached residential unit having three-dimensional components which are intrinsically mobile, with or without a wheel chassis, or (2) a detached unit built after 6/15/76 in accordance with federal standards. In either case, the home must have sleeping accommodations, electrical connections and be designed for long-term occupancy. As under existing law, a home must have running water, bathing facilities, and a flush toilet.

PA 87-447 (as amended by PA 87-589)

PA 87-447 was amended to allow towns, by ordinance, to tax mobile manufactured homes as personal property instead of real property, from 10/1/86 until the first sale of the home. Mobile homes must be taxed as real property on the first assessment date following the first sale. First sale does not include conveyance to an owner's spouse, his sibling who resides in the unit being sold, or an owner who uses the sale proceeds to purchase a mobile home and place it on the same leasehold site as the existing home.

PA 92-174

PA 92-174 creates a separate standard for valuing mobile manufactured homes located on leased land, such as those in mobile home parks. It limits the valuation of the home and the leased land on which the home is located, taken together, to no more than what their value would be if the lessee actually owned the land in determining assessment values as residential real property for tax purposes.
