Agenda Item #	Bill #	Cost Included in sHB 5030 \$	Cost Not Included in sHB 5030 \$	FY 15 Impact \$	Comments
1	SB 366 (Sen. A, LCO 4450)	-	-	-	Senate A delays implementation of the provisions of the bill until FY 16
2	sHB 5529	-	See Comments	See Comments	The bill expands the definition of medical necessity by excluding "credible scientific" evidence from the definition. If this is interpreted to provide coverage for services not otherwise covered, there will be a cost to the state employee and retiree health plan and to fully insured municipalities. Explicitly including mental illness in the definition, in and of itself is not anticipated to result in a fiscal impact.
