

Connecticut General Assembly
JOB OPPORTUNITY
System Administrator

**PLEASE FOLLOW THE SPECIFIC APPLICATION FILING INSTRUCTIONS AT THE
BOTTOM OF THIS PAGE**

Open To: The Public
Location: Hartford
Hours: Full-Time, on-site
Closing Date: January 25, 2019

General Knowledge:

The Office of Information Technology Services at the Connecticut General Assembly is seeking an infrastructure professional with a focus on physical and virtual (VMWare) server systems, the Microsoft-centric environment, and security systems and practices.

Skills and Experience:

Candidates must possess a broad range of skills and experience with Microsoft Windows Servers; VMWare Horizon View configuration and management, including ESXi installation, server update procedures, and Site Recovery Manager; Microsoft-centric components (such as Active Directory, DNS, DHCP, SCCM); and experience using a broad array of security tools including intrusion detection systems, web proxy systems, networking devices, firewalls, and other tools used to assess security and provide protection. A fundamental knowledge of project management principles and techniques, and strong documentation and communicative skills are essential. Must be a flexible team player who has the ability to effectively prioritize and juggle multiple concurrent assignments, and exhibits a steady demeanor during stressful and complex situations. Must exhibit a passion for quality and continuous improvement. Knowledge of Extreme network switches a plus. Must prove 6+ years of relevant work experience.

Responsibilities to include:

Monitoring, management, configuration and continuous improvement of the CGA server environment, Microsoft networking and components. Shared responsibility of the monitoring, management, configuration and continuous improvement of security tools and systems. Develops and implements technical specifications, operating standards, and user guides. Resolves issues regarding operations, including installations, setup, security, systems transactions, system status, and downtime procedures. Configures, documents, deploys, and maintains high availability/uptime solutions. Additional infrastructure systems responsibilities may be assigned.

Application Instructions:

Qualified candidates who meet the above requirements should submit a cover letter, resume and salary requirements by 5:00 pm January 15, 2019 to: Technology and Support Manager, Office of Information Technology Services, Connecticut General Assembly, 210 Capitol Avenue, Room 014, Hartford, CT 06106, or to email address ITSApplicant@cga.ct.gov. Resumes without a cover letter will not be considered.

AN AFFIRMATIVE ACTION/EQUAL OPPORTUNITY EMPLOYER
