Get Help Finding Infant Formula

The current infant formula shortage has created a serious challenge for families in Connecticut. While the federal government is taking steps to resolve the problem, we know that many families who rely on formula need help right now.

OEC created an infant formula fact sheet to:

- Offer tips on finding formula in stores and online
- Help you contact organizations that may have a supply
- Provide other guidance that may help

Check out the infant formula fact sheet — and make sure to share it with families you work with.

- Infant formula shortage fact sheet (English)
- Infant formula shortage fact sheet (Spanish)
