FISCAL IMPACT STATEMENT - BILL NUMBER HB 5515

STATE IMPACT	Potential Revenue Gain, Minimal Cost, Within Normal Budgetary Resources, see explanation below
MUNICIPAL IMPACT	None
STATE AGENCY(S)	Department of Liquor Control

EXPLANATION OF ESTIMATES:

There is a potential revenue gain with the imposition of a \$100 filing fee as a result of the passage of this bill as amended. It is uncertain as to the amount of revenue to be gained from the filing fees, since the number of such filings cannot be determined at this time.

It is anticipated that there will not be any additional work for the Department of Liquor Control pertaining to changes in officer positions for liquor permittees. Currently, the department reviews changes in officer positions.

There will be some additional work for the Department of Liquor Control. There will be a minimal cost associated with receiving and reviewing criminal history records sent by the Federal Bureau of Investigation.

There will be no cost to the Department of Liquor Control for having applicants fingerprinted and requesting criminal history records. It is understood that the Federal Bureau of Investigation will charge approximately \$25 for sending a criminal history record to a requestor upon the receipt of fingerprints. It is understood that the Department of Liquor Control receives 5,000 applicants per year. All costs of fingerprinting will be paid by the applicants.

It is anticipated that there will be a potential minimal revenue gain with only constables with law enforcement duties being ineligible for liquor permits.

House "A" is technical in nature and has no fiscal impact.

Senate "A" adds the provisions concerning fingerprinting, notice and remonstrance deadlines, and application filing dates. It has a minimal cost impact.

Senate "C" adds the provision concerning constables. It has a potential minimal revenue gain impact.
