EXPLANATION OF ESTIMATES:

The change to a 12 month payment schedule for legislative salaries shifts a half year's salary payments for 102 legislators from 1992-93 into the 1993-94 fiscal year. This would reduce expenditures in 1992-93 by an estimated \$942,000. Currently, 102 legislators take their salary payments over the 5 month period (February - June).

The payment of expense allowances in January and July would shift the last payment, originally scheduled for June, 1993 into July of fiscal year 1993-94. This would

reduce expenditures in 1992-93 by an estimated \$346,000.

It should be noted that this savings amount of \$1,288,000 will be treated as part of the recommended lapse amount of \$3,160,235 pertaining to Legislative Management for 1992-93.
